This double degree program is designed for students whose interests span the Arts and Business. Study in the Bachelor of Arts component is designed to develop communication and personal skills, creativity and a capacity for independent thought, adaptability to new situations and problem-solving skills, attributes increasingly demanded by employers. This will be combined with a high level of knowledge in one of eight specific Business majors. There is a wide choice of specialisations in the Arts part of the double degree, of which students will choose two, one as a major and the other as a minor. The Business majors prepare students for professional employment in the specialisation of their choice. Students complete a major and a minor in Arts specialisations; and a Business major in one of: Applied Finance, Economics, Human Resource Management, International Business, Management, Marketing or Sport Management.

Students in this double degree also have the opportunity to complete a semester of study overseas and receive advanced standing towards their BA majors and minors subject to Western Sydney University limits on advanced standing. Students are encouraged to do so but must discuss this with a BA program advisor first.
