The Bachelor of Planning (pathway to Master of Urban Management and Planning) degree is a four year program in urban and regional planning. This degree equips students with the range of specialist and generic skills that graduates need for the workforce or for proceeding to advanced study. The Geography and Urban Studies major and Master of Urban Management and Planning components cover the history, theory and method of Geography and Planning, as well as preparation for professional practice as a Town Planner. Key themes include metropolitan governance, urban finance and sustainability, in the complex, culturally diverse and ever-changing social environment of 21st Century cities. The Bachelor component offers flexibility to choose subjects offered elsewhere in the social sciences.

Study Mode

Three years full-time or six years part time.
