

BACHELOR OF RESEARCH STUDIES (8083)

Approved Abbreviation: BResSt

Western Sydney University Program Code: 8083

AQF Level: 7

This program applies to students who commenced in 2H 2017 or later.

The Master of Research is an internationally recognised qualification which will allow students to be globally mobile in advancing their research education, employment opportunities and pathways to further study. It is designed to increase students' preparedness for PhD studies and ultimately for research-orientated careers.

The first year is comprised of advanced Bachelor level studies exposing students to comprehensive research methodology and advanced disciplinary coursework. Students will develop a research proposal, improve their academic literacy skills and engage with issues associated with research ethics and integrity. In the second year students will undertake a supervised year of higher degree research and produce a Masters thesis. The second year also includes a series of workshops and seminars designed to enhance students' research and professional capabilities.

For domestic students, this program attracts Australian Government funding, packaged as a Bachelor of Research Studies/Master of Research to meet regulations.

In Year 1, domestic students are enrolled in the Bachelor of Research Studies as a Commonwealth supported student and are liable for student contribution amounts which can be deferred through the HECS-HELP scheme if they are eligible. In Year 2, domestic students are enrolled in the Master of Research.

Further information about the Master of Research can be found on the Future Students Research Studies pages.

Master of Research (<https://www.westernsydney.edu.au/future/study/courses/research/master-of-research.html>)

Study Mode

Two years full-time or four years part-time

Parramatta Campus - Victoria Road	Part Time	Internal	See above

Admission

Admission is determined by the following criteria being met

- A Bachelor's degree or a Master's degree;
- Achievement of a threshold Admission Average Mark (AAM) equal to or above the minimum of 65;
- Applicants who do not meet the AAM equal to or above the minimum of 65 will be considered in exceptional circumstances, and applicants whose most recent qualification is 5+ years old shall provide additional evidence of relevant work experience or professional training, or evidence of seniority and standing in an area of endeavor and provide written support from the potential supervisor. Examples of evidence may include; work as a research assistant or laboratory technician, the writing of policy, consultancy involving the writing of reports, production of creative output, and publication of peer reviewed journal articles. Applications will be reviewed and approved by the relevant HDR Director and the Dean of the GRS;
- A statement that outlines a tentative research area.

Additionally for International students an English proficiency requirement of IELTS 6.5 overall (minimum 6.0 in each band) or equivalent.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and the University.

International Office (<https://www.westernsydney.edu.au/international/>)

Program Structure

Year 1 of this program will also be studied by International students enrolled in 8084 Master of Research (High Cost) and 8085 Master of Research (Low Cost).

After completion of Year 1, domestic students will be transferred to either 8084 Master of Research (High Cost) or 8085 Master of Research (Low Cost), depending on their research discipline area.

Qualification for the award of Master of Research requires the successful completion of 160 credit points. All students will complete 80 credit points of coursework subjects and 80 credit points of higher degree by research.

All students must enrol in and complete the 30 credit points of prescribed Core subjects.

Core Subjects

Subject	Title	Credit Points
HUMN 4001	Researcher Development 1: Reading ,Writing, and the Business of Research	10
HUMN 4002	Researcher Development 2: Proposing and Justifying Research	10
HUMN 4003	Writing Beyond the Academy: Knowledge Translation and Public Audience Communication	10
Total Credit Points		30

Equivalent Core Subjects

The core subjects listed below count towards completion of this program for students who passed these subjects in 2019 or earlier.

HUMN 4009 - Research Design 1: Theories of Enquiry, replaced by HUMN 4001 Researcher Development 1: Reading, Writing, and the Business of Research

HUMN 4010 - Research Design 2: Practices of Research, replaced by HUMN 4002 Researcher Development 2: Proposing and Justifying Research

HUMN 4012 - Research Literacies, replaced by HUMN 4003 Writing Beyond the Academy: Knowledge Translation and Public Audience Communication

Students must also complete

- 50 credit points of cluster subjects. Students will choose 40 credit points of discipline-specific subjects from within their cluster and are encouraged to choose 10 credit points from an alternate cluster, however this is not mandatory. Students are required to complete 50 credit points of cluster subjects in total. The three cluster discipline areas are Humanities, Arts and Social Sciences (HASS), Science, Technology, Engineering and Mathematics (STEM) and Health and Medicine, as shown below.
- 80 credit points of higher degree research.

Students may exit with the Bachelor of Research Studies (exit only) after Year 1 and the successful completion of 80 credit points, with advanced standing of 160 credit points from their previous undergraduate qualification being granted.

Humanities, Arts and Social Sciences (HASS) Cluster

Please note: subjects will be offered subject to demand and availability

HUMN 7027	Leading Change	10

Hybrid - Disciplinary Content and Research Methods

TEAC 7100	Principles and Practices of Evaluation	10
-----------	--	----

School of Business

Business students are required to undertake 30 credit points of research methods electives

Research Methods based Subjects

ECON 4001	Advanced Analysis and Interpretation	10
BUSM 4002	Seminal Papers in Business	10
BUSM 4001	Business Analysis Seminars	10

Business students may then select up to 20 credit points of cluster elective subjects

Disciplinary Content Subjects

BUSM 7040	Governance, Ethics and Social Entrepreneurship	10
BUSM 7025	Diversity, Labour Markets and Workforce Planning	10

BUSM 7045	Innovation Through Digital Technology	10
BUSM 7043	Industrial Relations and Workplace Change	10
BUSM 7053	International Finance	10
BUSM 7048	Innovation, Creativity and Foresight	10
BUSM 7072	New Venture Finance	10
MKTG 7030	Sustainable Property Development	10
BUSM 7087	Strategic Employment Relations	10
ACCT 7005	Accounting Theory and Applications	10

Hybrid - Disciplinary Content and Research Methods

FINC 7006	Financial Modelling	10
BUSM 7083	Security Analysis and Portfolio Theory	10
BUSM 7092	Supply Chain Management	10

School of Law

LAWS 7008	Bioethics	10
LAWS 7020	International Environmental Law and Policy	10
LAWS 7016	International Banking and Finance Law	10
LAWS 7017	International Climate Change Law	10
LAWS 7033	Intellectual Property	10
LAWS 7014	Human Rights in Practice and Theory	10
LAWS 7025	International Law of Ocean Governance	10
LAWS 7022	International Human Rights Law	10
LAWS 7019	International Criminal Law and Justice	10
LAWS 7026	International Space Law - Commercial Aspects	10
LAWS 7030	Principles of International Law	10
