The Bachelor of Science/Bachelor of Laws double degree program allows graduates to span both the legal and scientific worlds in a way that single degree graduates cannot. It provides students with the capacity for critical analysis and independent thinking. The double degrees permit students to undertake multi-skilling, and offer diverse career paths providing high marketability in multiple areas of expertise. The Bachelor of Laws (LLB) provides students with professional legal skills including the ability to analyse legal material and understand fundamental legal principles; an understanding of the relationship between law and society; the skills to analyse and solve legal and non-legal problems and specialised study into the Australian legal system. The science component gives students the skills necessary for quantification, and scientific problem solving.

Early Exit

Students may exit this program on completion of 80 credit points with a 2827 Diploma in Laws (exit only) (<https://hbook.westernsydney.edu.au/archives/2021-2022/programs/diploma-laws-exit-only/>)

Study Mode

Five years full-time or ten years part-time. Students may be required to travel between campuses in order to complete their subjects

Accreditation

Graduates from the Bachelor of Laws are eligible to apply to the Legal Profession Admission Board for admission to legal practice in NSW after undertaking prescribed practical legal training.

Inherent Requirements

There are inherent requirements for this program that you must meet in order to complete your program and graduate. Make sure you read and understand the requirements for this program online.

Inherent Requirements (https://www.westernsydney.edu.au/ir/inherent_requirements/)

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is an optional work component available in this program. Please contact the Program Advisor listed above for information.

International students should be aware that if an elective is a requirement of the program but the work itself was not registered with CRICOS, students can still complete these electives but it would be counted towards the work limitation. For more details, refer to the 'Work Integrated Learning (WIL) for international students' website.
