

DIPLOMA IN CONSTRUCTION TECHNOLOGY/ BACHELOR OF CONSTRUCTION TECHNOLOGY (6045)

Western Sydney University Program Code: 6045

AQF Level: 7

CRICOS Code: 103020F

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For commencement year 2021, please refer to: 6045.1 Diploma in Construction Technology/Bachelor of Construction Technology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6045.1>)

For commencement year 2017, please refer to: 6032.1 Diploma in Construction Management/Bachelor of Construction Technology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6032.1>)

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

This program provides the skills and abilities necessary to perform competently at a professional level in the residential construction industry, in one or more of the following roles: Site Manager, Building Supervisor, Estimator and Building Surveyor. Students will develop specialised skills in construction management. The Construction Technology program is widely recognised for delivering the full suite of theoretical, practical, and hands-on experience in the area of residential construction. Students will study four concentrated areas related to the delivery of residential construction projects. These are construction technology; construction economics; construction law; and construction resource management. There may be a number of opportunities during the program to obtain a cadetship in the building industry in areas including project home building, building surveying and residential development. The three year Bachelor of Construction Technology program may be used as a pathway to the Master of Project Management program which meets the Australian Institute of Building (AIB) professional accreditation requirements.

The first year of this program is delivered by Western Sydney University The College as an agent of Western Sydney University via extended face-to-face hours in an environment focused specifically on supporting students to make the transition into university study. A Diploma in Construction Technology exit point is also available at the end of the first year of the program.

Western Sydney University, The College (<https://www.westernsydney.edu.au/thecollege/>)

For program advice during your first year of study, please use the contact below under 'Program Advice'. For program advice during your second and subsequent years of study, please use the contact listed for the Bachelor of Construction Technology.
