

DIPLOMA IN HEALTH SCIENCE/BACHELOR OF HEALTH SCIENCE (6000)

Approved Abbreviation: DipHlthSc/BHlthSc
Western Sydney University Program Code: 6000
AQF Level: 7

CRICOS Code: 096963K

This program applies to students who commenced in 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement Year 2017 - 6000.1 Diploma in Health Science/
 Bachelor of Health Science (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=6000.1>)

The Diploma/Bachelor of Health Science provides an understanding of health sciences. Students choose one of five specialisations.

Health Promotion
 Public Health
 Health Service Management
 Recreational Therapy
 Clinical Sciences

These specialisations prepare students for work in related fields or to undertake further study. The health promotion, public health, health services management and recreational therapy programs qualify students for highly demanded positions in the workforce. The clinical sciences testamur major prepares students for graduate entry clinical health courses. Students have flexibility in their elective choices within the course and can select from a range of majors or submajors/minors, to complement their primary testamur major and extend their health discipline-specific knowledge and skill set.

The testamur majors Public Health, Health Promotion and Recreational Therapy are also offered as fully online courses.

To facilitate the development of skills required for competent practice this program includes work placement opportunities of 120 hours (Public Health and Health Promotion), 280 hours (Health Services Management) and 720 hours (Recreational Therapy). The Clinical Sciences major does not include a work placement, but these students can choose a second major in health promotion and public health to gain a workplace experience.

The first year of this program is delivered by Western Sydney University The College, as an agent of Western Sydney University. A Diploma in Health Science exit award is available on completion of requirements specified for the first year of the program.
