Description This subject introduces students to the fundamentals of management which will prepare students for postgraduate business studies. Students will learn to identify operational systems and structures that underpin organisational design, decision-making and change within a variety of contexts. Students who successfully pass this subject, will have achieved some of the required assessments needed to satisfy English entry requirements (IELTS 6.5) to postgraduate Business study at Western Sydney University. A consideration of contemporary issues such as sustainability, social responsibility, and leadership will enable students to build their skills in organisational analysis, corporate problem-solving and human resource management.
