

# CMPL 7020 RESEARCH PROJECT AND THESIS

**Credit Points** 30

**Legacy Code** 401138

**Coordinator** Xiaoshu Zhu ([https://directory.westernsydney.edu.au/search/name/Xiaoshu Zhu/](https://directory.westernsydney.edu.au/search/name/Xiaoshu%20Zhu/))

**Description** This is a 60 credit point year-long subject taken over two terms (30 credit points in each term). This subject requires students to complete a substantial piece of independent research in Chinese Medicine including research planning, study design, data collection, analysis and interpretation. Dissertation projects are developed in consultation with staff who possess similar research interests and relevant research experience. Students may wish to submit their work for examination in a form suitable for publication in the peer-reviewed literature (with supplementary material as appropriate).

**School** Health Sciences

**Discipline** Traditional Chinese Medicine

**Student Contribution Band** HECS Band 2 30cp

**Level** Postgraduate Coursework Level 7 subject

**Pre-requisite(s)** CMPL 7012 AND  
PUBH 7016 OR  
HLTH 7008

**Co-requisite(s)** AGEN 7005

## Restrictions

Students must be enrolled in a postgraduate program and have a GPA of 5.0 or greater. Students transferring from the current teaching-out program 4675 Master of Health Science (Traditional Chinese Medicine) and 4678 Master of Health Science (Acupuncture) may be eligible to entry into the subject with 401080 Research Protocol Design and Practice as corequisite subject to individual assessments.

## Assumed Knowledge

It is assumed that the student would have completed core (or foundational) subjects associated with their Masters program, ideally in relevant research design and practice related disciplines.

## Learning Outcomes

On successful completion of this subject, students should be able to:

1. Develop a research proposal in consultation with SSH supervisor(s)
2. Conduct research independently under the direction of SSH supervisor(s)
3. Complete research to an expected disciplinary standard
4. Develop skills in presenting scientific reports

## Subject Content

Research proposal development related to Chinese Medicine in consultation with SSH supervisor(s)  
Data collection, collation, and analysis  
Interpretation and dissemination of research findings

## Assessment

The following table summarises the standard assessment tasks for this subject. Please note this is a guide only. Assessment tasks are regularly updated, where there is a difference your Learning Guide takes precedence.

Item	Length	Percent	Threshold	Individual/ Group Task
Thesis	15,000-20,000 words	85	Y	Individual
Presentation	30 minutes class presentation	15	N	Individual

Teaching Periods

## 1st Half Campbelltown Day
