ENGR 3026 DESIGN THINKING FOR SUCCESSFUL BRANDS AND PRODUCTS

Credit Points 10

Legacy Code 301301

Coordinator Sasha Alexander (https://directory.westernsydney.edu.au/search/name/Sasha Alexander/)

Description Students will learn how to develop a strategic design management plan that helps a firm not only present itself to its target audience but also clearly differentiate amongst competitors. Foundation design principles involving the evaluation of two-dimensional and three-dimensional designs are explored through a series of case studies based on commercially successful design management strategies. To simulate global, real-world design consultation scenarios students interact in an online environment in preparation for evidence-based innovation in their future workplaces as design managers.

Level Undergraduate Level 3 subject

Learning Outcomes

On successful completion of this subject, students should be able to:

- Apply the concepts of design management to a business case study.
- Evaluate the company fs corporate identity aims and their potential impact on its design strategy.
- Apply a series of methodological approaches in the analysis of preexisting corporate identity using a staged audit process.
- Systematically analyse the success of an existing corporate identity outcome by applying the principles of SWOT Analysis methodology.
- Present and argue for the merits of a design strategy to enhance a company fs corporate identity through product portfolio from design perspective.

Subject Content

- 1. Understanding the attributes of successful brands and products
- 2.Competitive advantage achieved through differentiated design management strategies
- 3.Evaluating two and three dimensional designed attributes that combine to communicate and achieve superior marketplace reception and performance
- 4. Conducting a product, service and brand identity audit
- 5.Design Thinking methods supporting decision making in new product development

Assessment

The following table summarises the standard assessment tasks for this subject. Please note this is a guide only. Assessment tasks are regularly updated, where there is a difference your Learning Guide takes precedence.

Item	Length	Percent	Threshold	Individual/ Group Task
Critical Review	800 words (critical review 20%) 3 minutes (Presentation 10%)	30	N	Individual
Report	1,000 words (report 25%, visualisations 5%)	30	N	Individual
Report	1,250 words (report 30%) 5 minutes (Presentation 15%)	40	N	Individual
