

MACROECONOMICS, MINOR (0293)

Western Sydney University Minor Code: 0293

Previous Code: SM2062

Available to students in other Western Sydney University

Programs: Yes. Check that your program has the available credit points required to complete the subjects in this field of study. Any requisite requirements must also be met. Consult your Program Advisor for further advice.

Macroeconomics looks at the economy as a whole and the relations between different factors in the economy such as economic growth, inflation, and trade. Students learn about these economic factors or variables, the accounting framework, and about the value of macroeconomic models in managing economic change. Student have practice at interpreting and manipulating data, constructing macroeconomic models and transforming statistical data in a range of activities.
