

ASSOCIATE DEGREE IN ENGINEERING (7022)

Approved Abbreviation: AssocDegEng

Western Sydney University Program Code: 7022

AQF Level: 6

This program applies to students who commenced in 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For commencement year Q3, 2015 please refer to: 7022.3 Associate Degree in Engineering (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7022.3>)

For commencement year 2014 please refer to: 7022.2 Associate Degree in Engineering (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=7022.2>)

This program is delivered by Western Sydney University, The College as an agent of Western Sydney University.

The Associate Degree in Engineering is designed for people who have workplace experience and wish to upgrade their qualifications in Engineering and possibly continue to the full Bachelor degree program.

The Associate Degree in Engineering has a common first year program for all engineering disciplines, exposing students to a wide range of experiences in the first year. In the second year students may choose from Civil, Electrical, Mechanical or Robotic & Mechatronic majors. If students choose to apply to study in the Bachelor of Engineering (Honours) after graduating from the Associate Degree in Engineering they may be given advanced standing in up to 12 subjects.

Accreditation

Conditional full accreditation has been accorded for the Civil Major by Engineers Australia in 2021. Conditional provisional accreditation has been accorded for the Electrical, Mechanical and Robotic and Mechatronic Majors in 2021.

Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

There is a mandatory work component required for completion of this program. Please contact the Program Advisor listed above for information.

Admission

Applicants may be regarded as eligible for admission if they have completed the NSW HSC and attained the required ATAR (Australian Tertiary Admission Rank), or have completed other equivalent qualifications such as a recognised Certificate III or Certificate IV and vocational experience and attained the required entrance standard set for entry to the program. This may include bridging/preparatory courses, para-professional and other post-secondary qualifications.

Admission to the Associate Degree in Engineering also requires an applicant to have a minimum of three (3) years industry experience or be a member in a suitable traineeship program.
