

GRADUATE CERTIFICATE IN BUILDING SURVEYING (3790)

Approved Abbreviation: GradCertBlgSurv

Western Sydney University Program Code: 3790

AQF Level: 8

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For Commencement Year 2016, please refer to: 3712.2

- Graduate Certificate in Building Surveying (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3712.2>)

For Commencement Year 2015, please refer to: 3712.1

- Graduate Certificate in Building Surveying (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3712.1>)

The Graduate Certificate in Building Surveying is a one year part-time program which aims to provide students with the knowledge and basic skills to develop, assess and evaluate building solutions for residential buildings. The program enables students to understand principles of planning and development control, sustainability and other fundamental issues relating to building surveying and building surveying practice. The material covered includes building regulations and associated Australian Standards relating to the built environment for low-rise buildings. Satisfactory completion of this program establishes a pathway to advanced qualification at the Graduate Diploma and Masters levels.

Study Mode

One year part-time
