Admission

Students must be enrolled in a Higher Degree Research Doctoral program (D.Ed, PhD, DCR, DCA, DBA, D. Medicine)

Program Structure

Qualification for this award requires the successful completion of 60 credit points including the subjects listed below.

The Graduate Certificate in Researcher Engagement, Development and Impact (GCREDI) has been designed to utilise the current HDR workshop program packaged into subjects and incorporate the current milestones HDR students are required to complete as part of their candidature. It all commences on day one at Orientation that focusses the student and their supervisor on setting objectives for the future and clarifying the expectations required of them. Orientation provides a structured introduction to the PhD and reinforces the need to develop transferrable skills beyond the thesis during their candidature.

This program consists of 60 credit points (six subjects), with five compulsory core subjects and one specialisation subject.
