

# GRADUATE CERTIFICATE IN URBAN MANAGEMENT (GREEN CITIES) (1898)

This program applies to students who commenced in 2023 or later.

The Graduate Certificate in Urban Management (Green Cities) gives students the professional and scholarly education needed to take a leadership role in urban management, strategic planning and policy development for green, sustainable cities, particularly in the context of climate change. Coursework develops theoretical and practical knowledge required to plan for future cities, including: sustainable development practices and regulations; impact assessment; industry relevant GIS mapping; and the blue and green infrastructures required for greener, cooler cities.

## Study Mode

One year part-time.
