

# BLDG 2015 LEADING TEAMS IN CONSTRUCTION

**Credit Points** 10

**Coordinator** Robert Osei-Kyei ([https://directory.westernsydney.edu.au/search/name/Robert Osei-Kyei/](https://directory.westernsydney.edu.au/search/name/Robert%20Osei-Kyei/))

**Description** This subject provides students with the fundamental knowledge for project leadership and team management. Through the application of their developing skill sets to real-world, industry based scenarios, students will develop their capabilities for managing different teams and stakeholders in construction projects to achieve positive project outcomes. Students will explore complex construction project environments and recognise the role of emotional intelligence and project leadership in successful construction project delivery across a diverse range of career paths in the construction and building industries.

**School** Eng, Design & Built Env
