

BUSM 3081 BUSINESS ANALYTICS PROJECT

Credit Points 10

Legacy Code 201091

Coordinator Francine Garlin ([https://directory.westernsydney.edu.au/search/name/Francine Garlin/](https://directory.westernsydney.edu.au/search/name/Francine%20Garlin/))

Description This subject provides students with the experience of applying business analytics skills and knowledge gained throughout the course of their degree in general and from the Business Analytics major in particular. Students will undertake a project in a real-world case setting to transform data to knowledge providing analytical solution to a client-specified problem. In teams, students will develop a project proposal, final report and/or interactive project tool and presentation. Students will gain insight into the profession of business analytics through independent learning and reflective practice.
