

ECON 3005 ECONOMIC THEORIES, CONTROVERSIES AND POLICIES

Credit Points 10

Legacy Code 200816

Coordinator Margaret Moussa ([https://directory.westernsydney.edu.au/search/name/Margaret Moussa/](https://directory.westernsydney.edu.au/search/name/Margaret%20Moussa/))

Description In 2016, this subject replaced by 200925 - Growth, Cycles and Crises. Economic Theories, Controversies and Policies presents alternative approaches to economic theories, controversies and policies. Topics may include recent developments or theoretical controversies in development economics, international trade, monetary economics, labour economics, environmental economics, managerial and industry economics, political economy, the economics of inequality, behavioural economics or feminist economics. Controversial contemporary policy debates, both in Australia and globally, will be examined. This subject will be team taught to expose students to a range of perspectives.
