

LAWS 3088 CONSTRUCTION LAW

Credit Points 10

Coordinator Dominic Maley ([https://directory.westernsydney.edu.au/search/name/Dominic Maley/](https://directory.westernsydney.edu.au/search/name/Dominic%20Maley/))

Description This subject introduces students to the legal and technical concepts required to understand the specialised area of construction law. Students will examine the key issues, concepts and topics that are specific to construction law from project preparation, through to contract formation, regulation, procurement methodologies, and finally to dispute avoidance and management. Students will engage subject-matter specialists to enhance their learning experiences in this subject.

School Law

Discipline Law, Not Elsewhere Classified.

Student Contribution Band HECS Band 4 10cp

Check your HECS Band contribution amount via the Fees (https://www.westernsydney.edu.au/currentstudents/current_students/fees/) page.

Level Undergraduate Level 3 subject

Pre-requisite(s) LAWS 2003 Contracts

Learning Outcomes

1. Explain key legal concepts and theories used on construction projects.
2. Examine key technical principles relevant to the drafting of construction contracts.
3. Apply an evidence-based approach to explore key contractual processes and administrative challenges typical of a construction contract.
