MEDI 7074 SURGICAL PATHOLOGY OF THE HEAD AND NECK, HAEMATOPATHOLOGY AND PAEDIATRIC PATHOLOGY

Credit Points 10

Legacy Code 401478

Coordinator Tristan Rutland (https://directory.westernsydney.edu.au/search/name/Tristan Rutland/)

Description This subject will re-inforce the diagnostic entities in haematopathology, head and neck, and paediatric pathology that were introduced in Surgical Pathology IV. Two self-directed online learning modules with digitalized images and practical notes on the diagnostic approach to important pathological entities of the above sub-specialties will be provided. Upon completion of the subject students will have advanced knowledge in surgical, cyto- and small biopsy pathology, including appropriate ancillary techniques and recent research developments. This subject will promote behaviours that create a safe, caring, ethical and professional practice required by pathologists.

School Medicine

Discipline Pathology

Student Contribution Band HECS Band 2 10cp

Level Postgraduate Coursework Level 7 subject

Equivalent Subjects MEDI 7036 - Cytopathology and Small Biopsy Pathology 5

Restrictions

Students must be enrolled in 4750 Masters of Medicine (Pathology).

Learning Outcomes

On successful completion of this subject, students should be able to:

- Examine and interpret advanced diagnostic entities in surgical pathology in the subspecialties of haematopathology, head and neck, and paediatric pathology, including a number of nonneoplastic, benign and malignant diagnoses
- Define the resources and technical requirements needed to reach the correct diagnosis in haematopathology, head and neck, and paediatric pathology
- 3. Apply basic research skills to identify and describe pathological entities encountered in the professional practice of pathology
- 4. Reflect on the behaviour required to create a safe, caring, ethical and professional practice required by pathologists

Subject Content

Head and neck pathology Paediatric pathology Haematopathology

Special Requirements Legislative Prerequisites

Students need to meet the legislative requirements to be in a supervised specialist training role in Pathology, and hence be working clinically in a hospital/laboratory setting. If a student fails to meet these requirements they will not be allowed to enrol in the unit.

Assessment

The following table summarises the standard assessment tasks for this subject. Please note this is a guide only. Assessment tasks are regularly updated, where there is a difference your Learning Guide takes precedence.

Туре	Length	Percent	Threshold	Individual/ Group Task
Case Study	20 cases ~300-500 words each	S/U	Υ	Individual
Case Study	20 cases ~300-500 words each	S/U	Υ	Individual
Essay	1,500 word limit	50	Υ	Individual
Report	10 cases ~300-500 words each	50	Υ	Individual
