

PUBH 7019 OCCUPATIONAL HEALTH MANAGEMENT

Credit Points 10

Legacy Code 300391

Coordinator David Lim ([https://directory.westernsydney.edu.au/search/name/David Lim/](https://directory.westernsydney.edu.au/search/name/David%20Lim/))

Description This subject focuses on the practice of occupational health within national and international frameworks. It explores issues such as the physical, social and mental impact of the occupational environment on health and includes the human body's response to occupational health hazard exposure through toxicological and epidemiological principles. Strategies for the management of occupational health are examined, together with methods of monitoring and evaluating occupational health programs.

School Health Sciences

Discipline Occupational Health and Safety

Student Contribution Band HECS Band 2 10cp

Level Postgraduate Coursework Level 7 subject

Equivalent Subjects LGYB 8273 - Occupational Health Management
