REHA 3006 ERGONOMICS AND WORK OCCUPATIONS

Credit Points 10

Legacy Code 401121

Coordinator Beth Mayland (https://directory.westernsydney.edu.au/ search/name/Beth Mayland/)

Description The productivity role is a key aspect of adult life for most people. Occupational therapists play a major role in assisting clients who have had their productivity role affected in some way. This subject explores the importance of productivity for adults, in particular those engaged in paid employment. The focus of this subject is the rehabilitation of the injured worker within the context of the work health and safety legislation and the WorkCover case management system. In addition, this subject will explore vocational counselling and rehabilitation for clients with psychosocial, cognitive and physical disabilities.

School Health Sciences

Discipline Occupational Therapy

Student Contribution Band HECS Band 2 10cp

Check your HECS Band contribution amount via the Fees (https:// www.westernsydney.edu.au/currentstudents/current_students/fees/) page.
