SPRT 2002 EXERCISE TESTING AND MEASUREMENT

Credit Points 10

Legacy Code 401150

Coordinator Dean Norris (https://directory.westernsydney.edu.au/search/name/Dean Norris/)

School Health Sciences

Discipline Sport and Recreation Activities

Student Contribution Band HECS Band 4 10cp

Check your HECS Band contribution amount via the Fees (https://www.westernsydney.edu.au/currentstudents/current_students/fees/) page.

Level Undergraduate Level 2 subject

Co-requisite(s) SPRT 1001

Restrictions

Students must be enrolled in 4658 - Bachelor of Health Science (Sport and Exercise Science).

Learning Outcomes

On successful completion of this subject, students should be able to:

- Identify or apply the correct test based on demographics, risk assessment, and health guidelines
- Apply measurement accuracy concepts to exercise testing and measurement
- Evaluate the feasibility of different tests according to environmental conditions and client characteristics
- 4. Demonstrate basic data processing and analytical techniques
- 5. Visualise data with consideration for measurement accuracy
- 6. Appropriately interpret results with respect to established normative data and measurement considerations
- 7. Communicate test results and their implications to hypothetical client scenarios

Subject Content

- Concepts of validity, reliability and testing procedures
- Introduction to performance analysis and monitoring
- Pre-testing criteria considerations and influence on test outcomes
- Test administration, professional conduct, ethical behaviour and procedures during testing
- Practical considerations and application of scientific rationale to inform test selection
- Visualisation, analysis and reporting of data
- Evaluation and interpretation of data
- Introduction to a range of physical and physiological assessments with the ESSA scope of practice

Special Requirements

Legislative pre-requisites

Prior to enrolling in this subject, students must have submitted a Student Undertaking Form and undertake to apply for a National Police Check, which is required to be submitted before placement. Students must also have submitted a Working with Children Check Student Declaration. Students must hold a valid and current First Aid Certificate from a Registered Training Organisation. Refer to the Special Requirements website for more information.

Special requirements (https://www.westernsydney.edu.au/currentstudents/current_students/enrolment/special_requirements/)

Assessment

The following table summarises the standard assessment tasks for this subject. Please note this is a guide only. Assessment tasks are regularly updated, where there is a difference your Learning Guide takes precedence.

Туре	Length	Percent	Threshold	Individual/ Group Task
Final Exam	2 hours	50	Υ	Individual
Case Study	1-page structured, analytical account of load monitoring exercise and notational analysis exercise; and a 2 minute explanation (given to tutor as you would to a coach or client) of each account.	20	N	Individual
Literature Review	1,500 words inclusive of: a) an overview of the load monitoring literature; and b) a detailed literature review on the load monitoring too of your choice.	30	N	Individual
