

WELF 7024 SOCIAL WORK PRACTICE METHODS 2

Credit Points 10

Legacy Code 102396

Coordinator Fran Kendrick ([https://directory.westernsydney.edu.au/search/name/Fran Kendrick/](https://directory.westernsydney.edu.au/search/name/Fran%20Kendrick/))

Description Social Work Practice Methods 2 introduces theories and skills for work with groups and communities in diverse practice settings. This subject will provide students with the opportunity to develop core group work, community work and community development skills. Students will engage in simulated practice activities in Western's Social Work Skills Lab.

School Social Sciences

Discipline Social Work

Student Contribution Band HECS Band 4 10cp

Level Postgraduate Coursework Level 7 subject

Restrictions

Students must be enrolled in 1792 Master of Social Work (Qualifying)

Learning Outcomes

On successful completion of this subject, students should be able to:

1. Assess social work theories, models and methods for practice with groups and communities.
2. Reflect on personal values in a way that allows professional values to guide community work and community development practice.
3. Integrate social work theories, models and methods to facilitate group work practice.
4. Apply group and community work skills and knowledge to diverse fields of practice including Aboriginal and Torres Strait Islander, cross cultural work, mental health and child wellbeing.
5. Examine ethics in group work and strategies of ethical reasoning to arrive at principled decisions for work with groups and community.

Subject Content

- Group dynamics and processes
- Social work values in group work and community practice
- Facilitating effective group work processes
