## Electronic Postgraduate Handbook 2013

---

University of Western Sydney

ISSN 1444-7770

Copyright © 2013 University of Western Sydney

Units, courses, and arrangements for courses as stated in the postgraduate and undergraduate electronic handbooks (and any other University of Western Sydney (UWS) publications or announcements) are an expression of intent only and are not to be taken as a firm offer or undertaking.

UWS reserves the right to discontinue or vary its units, courses and announcements at any time without notice.

Information contained in this electronic handbook is correct at the time of production (March 2013), unless otherwise noted.

### **CRICOS Provider Code 00917K**

In accordance with the Education Services for Overseas Students (ESOS) Act 2000, the University of Western Sydney (UWS) is registered on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS), Provider Code 00917K.

Overseas students studying in Australia must comply with the requirements of the ESOS Act and the National Code. They should consult the Federal Government's [Australian Educational International](#) webpage for the description of the ESOS legislation and other relevant information. UWS International Postgraduate and Undergraduate Prospectuses and other promotional material specifically prepared for overseas students also provide information about CRICOS registered courses and conditions relating to study in Australia.

---

## About the School of Business Electronic Postgraduate Handbook

---

### Sessions and dates

There are two main sessions in 2013: Autumn and Spring. Weeks shown in the dateline refer to the session weeks for these main sessions.

The dateline is available at:

<http://www.uws.edu.au/students/stuadmin/dateline>.

### Unit outlines

Brief outlines of all UWS postgraduate units listed in the course section are given in the second half of this electronic handbook.

The unit outlines give a brief overview of each unit. For some units this information is not available. Please check the UWS website for more recent information. For more information – details of textbooks, assessment methods, tutorial, group work and practical requirements – contact the unit coordinator.

More information on unit offerings can be found at: [http://handbook.uws.edu.au/hbook/UNIT\\_SEAR\\_CH.ASP](http://handbook.uws.edu.au/hbook/UNIT_SEAR_CH.ASP).

### Unit not listed?

If the unit you are looking for is not in the alphabetical units section, consult your course coordinator for details or check the unit search web page for updated details on all units offered in 2013 at:

[http://handbook.uws.edu.au/hbook/UNIT\\_SEARCH.ASP](http://handbook.uws.edu.au/hbook/UNIT_SEARCH.ASP).

### Prerequisites, co-requisites and assumed knowledge

Students wishing to enrol in a unit for which they do not have the prerequisites or assumed knowledge are advised to discuss their proposed enrolment with an academic adviser.

Where it is necessary to limit the number of students who can enrol in a unit through shortage of space, equipment, library resources, and so on, or to meet safety requirements, preference will be given to students who have completed the unit recommended sequence in the course.

### Academic credit

In most courses, academic credit will be granted for previous studies. For example, UWS has a number of agreements with TAFE to grant credit for successfully completed TAFE studies. Seek advice about credit prior to, or at enrolment.

### How to use this electronic book

The first part of this electronic book contains information about current postgraduate courses offered by the School of Business. The next part contains details on current postgraduate unit sets in these courses, and the final part has details of all units within the courses.

The courses are arranged mainly alphabetically. If you know the course code, but not the name, consult the COURSE CODE INDEX.

The units are arranged alphabetically. If you know the code, but not the name, consult the UNIT CODE INDEX at the back of the electronic book.

### Check website for updates

Every effort is taken to ensure that the information contained in this electronic book is correct at time of production. The latest information on course and unit offerings can be found at:

<http://handbook.uws.edu.au/hbook/>

Note that the School of Law has no postgraduate courses available for entry in 2013.

### Master of Accountancy

---

#### 2691.3

Students should follow the course structure for the course version relevant to the year they commenced. This version applies to students whose commencement year for this course is 2011 or later.

The Master of Accountancy provides candidates with the opportunity to complete the pre-entry educational requirements for CPA Australia, The Institute of Chartered Accountants in Australia (ICAA) or the Institute of Public Accountants (IPA) where a sixteen unit master degree is required. It can also be taken as an extension of the MPA as it contains the same twelve core units as the MPA, plus four additional electives.

#### Study Mode

Two years full-time or four years part-time.

#### Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	Internal
Parramatta Campus	Part Time	Internal

#### Advanced Standing

A maximum of three introductory units may be granted. Advanced standing is not available to students who do not possess an Australian bachelor's degree or equivalent degree.

#### Accreditation

Accredited by CPA Australia, The Institute of Chartered Accountants in Australia (ICAA) and the Institute of Public Accountants (IPA).

#### Inherent requirements

There are inherent requirements for this course that you must meet in order to complete your course and graduate. Make sure you read and understand the requirements for this course online.

#### Admission

Applicants must have successfully completed one of the following:

An undergraduate degree, or higher, in any discipline other than an accredited accounting major, or

A Graduate Diploma in any discipline, or

A Graduate Certificate in any discipline, or

A masters qualification in any discipline except accounting, or

A university diploma in any discipline, or

An Advanced Diploma in accounting and have five years full time equivalent business experience.

Applicants seeking admission on the basis of work experience MUST support their application with a

Statement of Service for all work experience listed on the application.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC).

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to UWS should also use the information provided on the UAC website.

International applicants must apply directly to the University of Western Sydney via UWS International.

International students applying to UWS through UWS International can find details of minimum English proficiency requirements and acceptable proof on the UWS International website.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and UWS.

#### Course Structure

Qualification for this award requires the successful completion of 160 credit points which includes twelve core units and four electives.

#### Core Units

<b>200396.3</b>	Introductory Accounting (PG)
<b>200424.3</b>	Statistics for Accountants (PG)
<b>200425.2</b>	Economics (PG)
<b>200432.2</b>	Commercial Law (PG)
<b>200400.3</b>	Company Accounting (PG)
<b>200426.2</b>	Corporate Finance (PG)
<b>200433.2</b>	Company Law (PG)
<b>200494.2</b>	Management Accounting (PG)
<b>200397.2</b>	Revenue Law (PG)
<b>200398.2</b>	Auditing (PG)
<b>200399.2</b>	Information Systems for Accountants (PG)
<b>200401.2</b>	Accounting Theory and Applications (PG)

#### Electives

Four electives chosen from postgraduate units, at least two of which must be taken from units approved for the Master of Commerce (Accounting), course code 2688, with the selection to be approved by the Director, Academic Programs of the Master of Accountancy.

#### Graduate Diploma in Accounting

---

##### 2687.2

Students should follow the course structure for the course version relevant to the year they commenced. This version applies to students whose commencement year for this course is 2011 or later.

This program allows students the flexibility of combining accounting, business and law units into an award. Units chosen have to be relevant to accounting. Applicants who have included accounting units in their first degree and are

seeking professional recognition in Australia should have their qualifications assessed by CPA Australia, the Institute of Chartered Accountants in Australia (ICAA), or the Institute of Public Accountants (IPA). Depending on the number of units required following assessment by a professional body applicants may elect to study the Graduate Certificate in Accounting (four units), or this Graduate Diploma (six units) or the Master of Professional Accounting if more than six units are required. On completion of either the Graduate Certificate in Accounting or Graduate Diploma, graduates may wish to pursue further studies in one of the accounting coursework master programs.

### Study Mode

One year full-time or two years part-time.

### Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	Internal
Parramatta Campus	Part Time	Internal

### Advanced Standing

Advanced Standing is not available.

### Inherent requirements

There are inherent requirements for this course that you must meet in order to complete your course and graduate. Make sure you read and understand the requirements for this course online.

### Admission

Applicants must have successfully completed one of the following:

- An undergraduate degree, or higher, in any discipline, or
- A university diploma in any discipline, or
- An advanced diploma in accounting and have five years full time equivalent business experience.

Applicants seeking admission on the basis of work experience MUST support their application with a Statement of Service for all work experience listed on the application.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC).

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to UWS should also use the information provided on the UAC website.

International applicants must apply directly to the University of Western Sydney via UWS International.

International students applying to UWS through UWS International can find details of minimum English proficiency requirements and acceptable proof on the UWS International website.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills

Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and UWS.

### Course Structure

Qualification for this award requires the successful completion of 60 credit points by choosing six units from either 2689 Master of Professional Accounting (MPA) or 2688 Master of Commerce (Accounting), or any other UWS postgraduate offered units approved by the respective Director, Academic Programs.

### Graduate Certificate in Accounting

#### 2686.3

Students should follow the course structure for the course version relevant to the year they commenced. This version applies to students whose commencement year for this course is Spring 2011.

This program allows students the flexibility of combining accounting, business and law units into an award. Units chosen have to be relevant to accounting. Applicants who have included accounting units in their first degree and are seeking professional recognition in Australia should have their qualifications assessed by CPA Australia, the Institute of Chartered Accountants in Australia (ICAA), or the Institute of Public Accountants (IPA). Depending on the number of units required following assessment by a professional body applicants may elect to study this Graduate Certificate in Accounting (four units), or the Graduate Diploma (six units) or the Master of Professional Accounting (MPA) if more than six units are required. On completion of either the Graduate Certificate in Accounting graduates may wish to pursue higher level awards.

### Study Mode

Six months full-time or one year part-time.

### Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	Internal

### Advanced Standing

Advanced Standing is not available.

### Inherent requirements

There are inherent requirements for this course that you must meet in order to complete your course and graduate. Make sure you read and understand the requirements for this course online.

### Admission

Applicants must have successfully completed one of the following:

- An undergraduate degree, or higher, in any discipline, or
- A university diploma in any discipline, or
- An Advanced Diploma in accounting and three years FTE professional/managerial business experience, or
- Five years FTE general work experience.

Applicants seeking admission on the basis of work experience MUST support their application with a

Statement of Service for all work experience listed on the application.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC).

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. International students applying to UWS through UWS International can find details of minimum English proficiency requirements and acceptable proof on the UWS International website.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and UWS.

## Course Structure

Qualification for this award requires the successful completion of 40 credit points by choosing four units from either Master of Professional Accounting (MPA), course code 2689, or Master of Commerce (Accounting), course code 2688, or any other UWS postgraduate offered units approved by the respective Director, Academic Programs.

## Master of Applied Finance

### 2702.1

The Master of Applied Finance prepares students for executive careers in finance, banking, funds management and corporate treasuries. The degree is specifically designed to encompass all these fields so that students can choose the units appropriate to their career opportunities. It provides students with the technical knowledge necessary to function in an evolving and increasingly sophisticated financial environment with an emphasis on the practical application of these techniques. All of the units have been developed by individuals who are actively involved in the financial sector.

### Study Mode

Four quarters full-time or the part-time equivalent.

### Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	Internal
Parramatta Campus	Part Time	Internal

### Accreditation

The Master of Applied Finance fulfils the educational requirements for admission as a Senior Associate (SA Fin) of Finsia - the Financial Services Institute of Australasia (Finsia). Senior Associate membership with Finsia also requires at least three years career experience in the

financial services industry. The Master of Applied Finance also allows graduates to satisfy the education requirements for professional membership of the Finance and Treasury Association (FTA) - Certified Finance and Treasury Professional (CFTP).

### Admission

Applicants must have successfully completed an undergraduate degree in Business or Commerce or

A Graduate Certificate in Applied Finance.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC).

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to UWS should also use the information provided on the UAC website.

International applicants must apply directly to the University of Western Sydney via UWS International.

International students applying to UWS through UWS International can find details of minimum English proficiency requirements and acceptable proof on the UWS International website.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and UWS.

## Course Structure

Qualification for this award requires the successful completion of 80 credit points which includes three core units and five alternate units. Students may obtain a Specialisation by completing units from one of the Specialisations listed below.

Students are permitted to complete up to two units from any other Masters degree offered by the School of Business as part of the five alternate units.

### Core Units

<b>200426.2</b>	Corporate Finance (PG)
<b>51163.2</b>	Financial Institutions and Markets (MAF)
<b>51168.2</b>	Funds Management and Portfolio Selection

### Alternate Units

<b>H7331.2</b>	International Trade and Industry Economics
<b>51054.2</b>	Financial Modelling
<b>51165.2</b>	Financial Institution Management
<b>51166.2</b>	Credit and Lending Decisions
<b>51169.2</b>	Derivatives
<b>51167.1</b>	Law of Finance and Securities
<b>51171.2</b>	Real Estate Finance and Investment
<b>51172.2</b>	Marketing of Financial Products
<b>51173.2</b>	Strategic Bank Management
<b>51211.2</b>	International Finance
<b>51212.2</b>	Security Analysis and Portfolio Theory
<b>200425.2</b>	Economics (PG)

## Specialisations

SP21001.1	Banking
SP21000.1	Funds Management
SP2000.1	Property Investment
SP2706.1	Treasury

## Graduate Diploma in Applied Finance (exit only)

---

### 2745.1

This is an exit only award for students who have completed 60 credit points, including three core and three alternate units. Students apply to 2702.1 Master of Applied Finance and exit with the Graduate Diploma award.

### Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	Internal
Parramatta Campus	Part Time	Internal

### Accreditation

The Graduate Diploma in Applied Finance fulfils the educational requirements for admission as a Senior Associate (SA Fin) of Finsia - the Financial Services Institute of Australasia (Finsia). Senior Associate membership with Finsia also requires at least three years career experience in the financial services industry.

### Course Structure

Students may exit this award on completion of 60 credit points which include three core and three alternate units. Details are listed under the Master of Applied Finance.

## Graduate Certificate in Applied Finance

---

### 2708.2

Students should follow the course structure for the course version relevant to the year they commenced. This version applies to students whose commencement year for this course is mid-2007 or later.

The Graduate Certificate in Applied Finance addresses practitioners in finance, banking, funds management and corporate treasuries, who want to improve their professional position. The degree is specifically designed to encompass all these fields so that students can choose the units appropriate to their career opportunities. It provides students with a first round of technical knowledge necessary to function in an evolving and increasingly sophisticated financial environment with an emphasis on the practical application of these techniques.

### Study Mode

Six months full-time. Part-time may be completed over three or four quarters.

## Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	Internal
Parramatta Campus	Part Time	Internal

### Accreditation

The Graduate Certificate in Applied Finance fulfils the educational requirements for admission as an Associate (A Fin) of Finsia - the Financial Services Institute of Australasia (Finsia), provided the applicant is at least working in the financial services industry.

### Admission

Applicants must have successfully completed an undergraduate degree in any discipline or have at least four years full time equivalent work experience as a supervisor or manager in one of the following areas: finance, applied finance, accounting, taxation.

Applicants seeking admission on the basis of work experience MUST support their application with a Statement of Service for all work experience listed on the application.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC).

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to UWS should also use the information provided on the UAC website.

International applicants must apply directly to the University of Western Sydney via UWS International.

International students applying to UWS through UWS International can find details of minimum English proficiency requirements and acceptable proof on the UWS International website.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and UWS.

### Course Structure

Successful students will be able to progress into the Master of Applied Finance once they have completed 40 credit points as per the course unit structure. This would normally entail obtaining a credit average for this award.

Qualification for this award requires the successful completion of 40 credit points, comprising three core units and one alternate unit.

### Core Units

200426.2	Corporate Finance (PG)
51163.2	Financial Institutions and Markets (MAF)
51168.2	Funds Management and Portfolio Selection

### Alternate Units

200425.2	Economics (PG)
----------	----------------

51054.2	Financial Modelling
51165.2	Financial Institution Management
51166.2	Credit and Lending Decisions
51167.1	Law of Finance and Securities
51169.2	Derivatives
51172.2	Marketing of Financial Products
51211.2	International Finance
51212.2	Security Analysis and Portfolio Theory
H7331.2	International Trade and Industry Economics

## Graduate Certificate in Business

### 2655.2

Students should follow the course structure for the course version relevant to the year they commenced. This version applies to students whose commencement year for this course is 2011 or later.

This course is suitable for those seeking a broadly based business qualification to consolidate previous undergraduate learning and/or practical supervisory or management experience. The course allows for postgraduate units to be completed from a variety of business related disciplines. In consultation with the Head of Program students may choose to complete any four units for career and personal advancement or interest.

Alternatively students can complete the four core units of any Master degree with the intention of applying to study at Master's level in the future.

This program may also be offered in collaboration with industry partners.

### Study Mode

Six months full-time or one year part-time.

### Location

Campus	Attendance	Mode
Industry	Full Time	Internal
Industry	Part Time	Internal
Parramatta Campus	Full Time	Internal
Parramatta Campus	Part Time	Internal

### Admission

Applicants must possess:

An undergraduate degree, or higher, in any discipline,  
or

A diploma or advanced diploma, together with a minimum of four years full time general work experience,  
or

At least four years full time equivalent managerial or professional experience.

Applicants seeking admission on the basis of work experience MUST support their application with a Statement of Service for all work experience listed on the application.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC).

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to UWS should also use the information provided on the UAC website.

International applicants must apply directly to the University of Western Sydney via UWS International.

International students applying to UWS through UWS International can find details of minimum English proficiency requirements and acceptable proof on the UWS International website.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and UWS.

### Course Structure

Qualification for this award requires the successful completion of four postgraduate units totalling 40 credit points and must be approved by the Head of Program. The maximum enrolment load is two 10 credit point units per quarter.

The four units will consist of units from the following disciplines:

- Accounting
- Economics
- Finance
- Hospitality
- Human Resource Management and Industrial Relations
- International Business
- Law
- Management
- Marketing
- Operations and Engineering Management

This degree may be studied as preparation for entry into various graduate awards.

## Master of Business Administration

### 2755.1

Students should follow the course structure for the course version relevant to the year they commenced. This version applies to students whose commencement year for this course is 2013 or later.

The Master of Business Administration (MBA) is an advanced management degree for professionals seeking to

deepen their understanding of the core elements of general management and business administration.

Taking an applied approach within a flexible learning environment, the curriculum is designed around integrated knowledge to challenge business professionals in the issues of day-to-day operations and strategic planning; both locally and internationally. Using a range of hands-on teaching techniques, students will learn about important topics such as ethics and corporate social responsibility, human resource management and diversity, marketing, leadership, and entrepreneurial innovation. The Sydney Graduate School of Management MBA offers students a valuable start to their lifelong career development.

### Study Mode

One and a half years full-time or three years part-time equivalent.

### Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	Internal
Parramatta Campus	Part Time	Internal

### Admission

Applicants must have:

- Successfully completed an undergraduate degree, or higher, in any discipline and have a minimum three (3) years full-time equivalent managerial/professional work experience; or
- Successfully completed an undergraduate degree, or higher, in any discipline and have a minimum six (6) years full-time equivalent general work experience; or
- Successfully completed a Graduate Certificate in Business Administration or Graduate Certificate in Business or equivalent qualification

Applicants seeking admission on the basis of work experience MUST support their application with a Statement of Service for all work experience listed on the application.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC).

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to UWS should also use the information provided on the UAC website.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and UWS.

### Course Structure

Qualification for this award requires the successful completion of 120 credit points. This includes eight core developing expertise units and four core expert practice units. Students are expected to complete the developing expertise units prior to undertaking expert practice units.

### Developing Expertise (eight units) - The units included are

200787.1	Managerial Finance
200788.1	Contemporary Organisation Behaviour
200789.1	Emerging Leaders
200790.1	Developing Business Expertise
200791.1	Customer Value Management
200792.1	Innovation, Creativity and Entrepreneurship
200793.1	Managerial Economics
200794.1	Strategic Management

### Expert Practice (four units) – includes project and capstone experience units

200795.1	Corporate Governance and the Global Environment
200796.1	Negotiation and Conflict Resolution Management
200797.1	One Hundred Days
200798.1	Applied Business Project

## Graduate Diploma in Business Administration (Exit Only)

### 5501.3

Students should follow the course structure for the course version relevant to the year they commenced. This version applies to students whose commencement year for this course is 2011 or 2012.

This is an exit award consisting of 60 credit points. Applicants apply to 5500 Master of Business Administration and exit with the Graduate Diploma in Business Administration.

### Study Mode

Six months full-time or nine to twelve months part-time.

### Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	Internal
Parramatta Campus	Part Time	Internal

### Course Structure

Students may exit the Master of Business Administration after the successful completion of the following six units (60 credit points).

### Core Units

U51043.3	Contemporary Organisation Behaviour
U51045.4	Accounting Perspectives for Management
500000.2	Marketing Management
500001.3	Value Chain Management
500002.3	Managing People
500003.3	Financial Management

## Graduate Certificate in Business Administration

### 2757.1

Students should follow the course structure for the course version relevant to the year they commenced. This version applies to students whose commencement year for this course is 2013 or later.

The Graduate Certificate in Business Administration is designed to set the foundation of knowledge and skills in the core competencies of business and management.

The certificate is not only the first stage towards progressing to the MBA, but may also be taken as a stand-alone program.

The certificate is the perfect introduction to gaining an understanding of the workings of the management and the business arena. It offers practical strategies to approach the challenges involved in managing people, money and markets and shows how these core areas are linked.

The certificate is a particularly useful program for those who seek to immediately enhance career opportunities and for those who have been away from study for a long period of time. It is also a valuable introduction to postgraduate university studies.

The Sydney Graduate School of Management MBA offers students a valuable start to their lifelong career development.

### Study Mode

Six months full-time or one year part-time.

### Location

### Admission

Applicants must have:

- A minimum of eight (8) years full-time equivalent professional/managerial work experience or
- Successfully completed an undergraduate degree, or higher, in any discipline and have a minimum three (3) years full-time equivalent managerial/professional work experience; or
- Successfully completed an undergraduate degree, or higher, in any discipline and have a minimum six (6) years full-time equivalent general work experience;
- Successfully completed an Advanced Diploma in any discipline and have a minimum six (6) years full-time equivalent general work experience.
- International applicants must achieve IELTS - 6.5 overall score with a minimum 6.0 in each subset.

Applicants seeking admission on the basis of work experience MUST support their application with a Statement of Service for all work experience listed on the application.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC).

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to UWS should also use the information provided on the UAC website.

International applicants must apply directly to the University of Western Sydney via UWS International.

International students applying to UWS through UWS International can find details of minimum English proficiency requirements and acceptable proof on the UWS International website.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and UWS.

### Course Structure

To qualify for the award of a Graduate Certificate of Business Administration, students must successfully complete 40 credit points of units as follows.

200783.1	The Business Environment
200784.1	Financial Decision Making
200785.1	Foundations of Management
200786.1	Marketing Management

## Master of Business and Commerce

### 2631.3

Students should follow the course structure for the course version relevant to the year they commenced. This version applies to students whose commencement year for this course is 2012 or later.

Through its foundation of a solid business and commerce core, this degree provides graduates with a general knowledge of the basics of business e.g. Accounting and Finance, Marketing, Management Skills, and Human Resource Management and Industrial Relations. Upon completion of the core, students may complete four units in one of the following specialisations: Accounting, Finance, Human Resource Management/Industrial Relations, Marketing, or Operations Management. Alternatively students may elect to complete a non specialisation where four units can be chosen separately from the various specialisations.

Students complete the four core units in the Master of Business and Commerce and four additional units for a total of 80 credit points. This course has multiple intakes each year and is suitable for graduates holding a bachelors' degree in any discipline from a recognised university.

### Study Mode

One year full-time or two years part-time.

### Location

## Master of Business and Commerce (Research Studies)/PhD

### 2744.1

The Master of Business and Commerce (Research Studies) PhD programme is designed for professionals interested in expanding their theoretical and practical knowledge in a range of scientific fields such as Accounting, Marketing and International Business, Management (including Human Resource Management and Operations Management), and Finance. It allows students to undertake flexible coursework study in areas of business interest as well as providing appropriate research skills training.

The Doctor of Philosophy (PhD) component provides training and education with the objective of producing graduates with the capacity to conduct research independently at a high level of originality and quality. A PhD candidate should uncover new knowledge either by the discovery of new facts, the formulation of theories or the innovative re-interpretation of known data and established ideas.

### Study Mode

Four and a half years full-time (one and a half years for the Master of Business and Commerce (Research Studies) plus three years for the PhD).

### Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	Internal

### Admission

This course is only available to International students. Please contact the Director, Academic Programs for further information.

### Course Structure

The coursework component of the Master of Business and Commerce (Research Studies) is structured on a total of 120 credit points to provide students with a discipline and research based coursework.

The PhD component of the course will be completed according to the current UWS Doctor of Philosophy policy.

The degree incorporates a research training component of 42 percent (comprising 50 credit points at Master and Doctoral level units in methodology, literature review and research proposal development). The units are as follows.

<b>200299.3</b>	Business Research Skills Seminar
-----------------	----------------------------------

Note: the following two units are 20 credit point units

<b>200361.4</b>	Advanced Thesis Preparation
<b>200743.2</b>	Philosophical Foundations of Business Research

In order for students to progress into the PhD research program, they will have an average of 75 percent or greater across all units and have obtained a unit grade greater than 74 percent for 200361 Advanced Thesis Preparation.

Higher Degree Research applicants should submit their application to the PhD program for assessment by the relevant School who will recommend admission and appoint a supervisory panel. The Business Research and Higher Degree Committee (CBHDRC) will endorse the School's recommendation for approval by the Executive Dean.

As part of this evaluation, successful candidature will be dependent on the availability of appropriate topics and available supervision. In order to facilitate this transition, students will be given ongoing academic advice regarding potential doctoral projects during the course of their Master's study.

## Master of Business Research Studies (Exit Only)

### 2749.1

This Master of Business Research Studies is an exit degree for students who are enrolled in the Doctor of Business Administration.

Students who successfully complete the Master of Business Research Studies will have a good understanding of philosophical foundations of business research and will have developed skills in critically analysing existing literatures on their chosen topic of interest.

### Study Mode

## Admission

This is an exit award only. Applicants apply to 8038 or 8039 Doctor of Business Administration and exit with the Master of Business Research Studies.

## Course Structure

Qualification for this award requires the successful completion of 80 credit points, including the units listed below.

<b>200743.2</b>	Philosophical Foundations of Business Research
<b>200744.3</b>	Critical Literature Review
<b>200745.2</b>	Advanced Research Skills

plus 20 credit points of elective units at Masters level

## Graduate Certificate in Research Studies

### 2724.3

Students should follow the course structure for the course version relevant to the year they commenced. This version applies to students whose commencement year for this course is 2012 or later.

The Graduate Certificate in Research Studies is a preparatory program for research degrees as well as a standalone award for those who do not wish to pursue research degrees. It is designed for applicants who need additional skills in research before commencing independent study in a research masters or doctoral program. It is particularly suited for applicants with an undergraduate or postgraduate coursework degree and extensive relevant professional experience. The course focuses on research methodology and the thesis proposal which includes a literature review. Students select additional high level subjects in their area of interest.

## Study Mode

Six months full-time or one year part-time.

## Location

Campus	Attendance	Mode
Bankstown Campus	Full Time	Internal

Penrith Campus	Part Time	Internal

## Admission

Applicants must have successfully completed an undergraduate degree, or higher, in any discipline

and

Submitted a completed Graduate Certificate Research Studies Supplementary Application to the Director, Academic Programs.

### Additional Information for Applicants

Places in this course are restricted and are subject to the University being able to provide an appropriate academic supervisor relevant to the area of research to be undertaken.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to UWS should also use the information provided on the UAC website.

## Course Structure

Qualification for this award requires the successful completion of 40 credit points as per the recommended sequence below (one 20 credit point unit and two 10 credit point units). Students who wish to move to a research award must achieve a satisfactory level in this course.

## Recommended Sequence

### Core Unit

**200361.4** Advanced Thesis Preparation

This is a 20 credit point unit offered over two consecutive quarters Q2 and Q3

In addition to the core unit 200361 students must complete a Research Skills unit as per list below (10 credit points), as approved by the appropriate Course Advisor and proposal supervisor.

Plus an Advanced Topic/elective unit (10 credit points) - as approved by the appropriate Course Advisor and proposal supervisor. (Students may be eligible to apply for advanced standing if they have completed a Masters Degree or Higher and this is approved by the relevant course advisor and supervisor)

## Business and Law students

### Full-time - 6 months

**200361.4** Advanced Thesis Preparation

This is a 20 credit point unit offered over two consecutive quarters Q2 and Q3 for full-time students

**200299.3** Business Research Skills Seminar

This is a 10 credit point unit offered in Q2  
Advanced Topic/elective unit (10 credit points)

### Part-time - 12 months

**200361.4** Advanced Thesis Preparation

This is a 20 credit point unit offered over two consecutive quarters Q3 and Q4 for part-time students

**200299.3** Business Research Skills Seminar

This is a 10 credit point unit offered in Q2  
Elective - Spring session

### Master of Commerce (Accounting)

#### 2688.2

Students should follow the course structure for the course version relevant to the year they commenced. This version applies to students whose commencement year for this course is 2011 or later.

This course is for accounting graduates and is specifically aimed at qualified accountants motivated to enhance their knowledge in accounting. Students select contemporary topics based on research and case studies on accounting issues related to world-class organisations. It also allows students the possibility of furthering qualifications to Master of Commerce (Honours) or PHD.

#### Study Mode

One year full-time or two years part-time.

#### Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	Internal
Parramatta Campus	Part Time	Internal

#### Inherent requirements

There are inherent requirements for this course that you must meet in order to complete your course and graduate. Make sure you read and understand the requirements for this course online.

#### Admission

Applicants must have successfully completed one of the following:

An undergraduate degree with a major in accounting, or  
A masters degree in accounting, or  
A graduate diploma in accounting.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC).

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to UWS should also use the information provided on the UAC website.

International applicants must apply directly to the University of Western Sydney via UWS International.

International students applying to UWS through UWS International can find details of minimum English proficiency requirements and acceptable proof on the UWS International website.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and UWS.

#### Course Structure

Qualification for this award requires the successful completion of 80 credit points which includes two core units and a selection of six alternate units.

Applicants seeking professional recognition should have their qualifications assessed by a professional body (as outlined under the Graduate Certificate in Accounting), and may include two law units from the Master of Professional Accounting programme. If more than two units are required for professional recognition then the Graduate Certificate or Graduate Diploma or Master of Professional Accounting should be studied wherever appropriate, prior to this degree.

#### Core Units

**200394.2** Accounting Research (PG)  
**200395.2** Accounting Theory (PG)

#### Alternate Units

Choose six of

**51206.2** Development of Accounting Information (PG)

<b>51214.2</b>	Financial Statement Analysis (PG)
<b>200389.2</b>	Accounting Research Essay (PG)
<b>200390.2</b>	Business Essay (PG)
<b>200391.2</b>	Accounting Research Project (PG)
<b>200392.3</b>	International Accounting (PG)
<b>200415.2</b>	Corporate Failure and Forensic Accounting (PG)
<b>200416.2</b>	Assurance Services (PG)
<b>200422.2</b>	Strategic Management Accounting (PG)
<b>200462.3</b>	Public Sector Accounting and Financial Control (PG)
<b>200464.2</b>	The Role of Accounting in Corporate Governance (PG)
<b>200497.2</b>	Social and Environmental Accounting (PG)
<b>200693.2</b>	Accounting Professional Engagement (PG)

Two electives may be chosen from any other Masters level units offered by UWS and approved by the Director, Academic Programs. Students must ensure that prerequisite requirements have been satisfied prior to enrolling into any electives.

## Master of Commerce (Financial Planning)

### 2671.1

The course is designed to provide the educational basis to enable students to increase competence as professional financial advisers and enable them to gain an advanced knowledge and understanding of the financial planning industry. With the increasing complexity of taxation laws, the ageing population and the focus on self-reliance in retirement, the financial planning industry is developing as a distinct profession in Australia. Individuals and organisations require the skills of professionally equipped financial planners to assist them in effective investment and risk management and also with complex retirement planning strategies.

### Study Mode

This course is offered externally, one year full-time or two years part-time.

### Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	External
Parramatta Campus	Part Time	External
Parramatta Campus	Full Time	Internal

### Advanced Standing

Advanced standing may be granted for postgraduate units successfully completed at UWS or other recognised academic institutions, or postgraduate level units successfully completed with a recognised professional body. The maximum advanced standing allowed is 20 credit points comprising 25 per cent of total study.

### Accreditation

This course is accredited by the Financial Planning Association (FPA) as meeting entry requirements into the FPA Professional Education Program and is listed on the Australian Securities and Investments Commission (ASIC) Register of courses meeting both levels of RG146

requirements. The course is also an approved postgraduate qualification meeting the educational requirements for the CPA Australia specialisation in Financial Planning.

### Admission

Applicants must have successfully completed an undergraduate degree in any discipline

or

A Graduate Certificate or Graduate Diploma in financial services, accounting or finance.

Applications from Australian citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC).

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to UWS should also use the information provided on the UAC website

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and UWS.

### Course Structure

Qualification for this award requires the successful completion of 80 credit points which includes five core units and three electives.

Students who successfully complete 2690 Graduate Certificate in Commerce (Financial Planning) are able to apply to progress to this course.

### Core Units

<b>CO801A.2</b>	Principles of Financial Planning (PG)
<b>CO802A.2</b>	Principles of Investment Planning (PG)
<b>CO803A.1</b>	Planning for Retirement (PG)
<b>CO804A.2</b>	Insurance & Risk Management (PG)
<b>CO805A.1</b>	Estate Planning and Professional Responsibilities (PG)

### Electives

Electives may be chosen from any any postgraduate units offered by UWS or a selection made from the list of alternate units below.

### Alternate Units

<b>AC808A.1</b>	Taxation Planning and Implications (PG)
<b>CO806A.2</b>	Current Issues in Financial Planning (PG)
<b>LW805A.2</b>	Capital Gains Tax (PG)

## Graduate Certificate in Commerce (Financial Planning)

### 2690.1

This course is designed for those who do not possess an undergraduate qualification, but who seek to pursue a

postgraduate award relevant to the financial planning environment. Financial planning is an expanding area of practice for financial advisers, paraplanners, administration and support staff, risk writers, researchers and approved product list managers. Successful study within this award may allow articulation to the related Masters degree.

### Study Mode

This course is offered externally, six months full-time or one year part-time.

### Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	External
Parramatta Campus	Part Time	External
Parramatta Campus	Full Time	Internal

### Advanced Standing

Advanced standing will be assessed in accordance with UWS policy.

### Accreditation

Selected units may assist with the requirements of Regulatory Guideline 146 (RG146) training for financial product advisers.

### Admission

Applicants must have successfully completed an undergraduate degree, or higher, in any discipline or

three years full-time equivalent work experience in financial services or a related area.

Applicants seeking admission on the basis of work experience MUST support their application with a Statement of Service for all work experience listed on the application.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC).

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to UWS should also use the information provided on the UAC website.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and UWS.

### Course Structure

Qualification for this award requires the successful completion of four units selected from the list of alternate units below. Not all units are available in every semester.

Students may progress to Master of Commerce (Financial Planning), course code 2671 on completion of this award.

### Alternate Units

Choose four of

<b>CO801A.2</b>	Principles of Financial Planning (PG)
<b>CO802A.2</b>	Principles of Investment Planning (PG)
<b>CO803A.1</b>	Planning for Retirement (PG)
<b>CO804A.2</b>	Insurance & Risk Management (PG)
<b>CO805A.1</b>	Estate Planning and Professional Responsibilities (PG)
<b>AC808A.1</b>	Taxation Planning and Implications (PG)

## Master of Commerce (Human Resource Management & Industrial Relations)

### 2601.2

Students should follow the course structure for the course version relevant to the year they commenced. This version applies to students whose commencement year for this course is 2009 (Quarter 3) or later.

This course equips graduates to work in the fields of human resource management and industrial relations. Key functional areas are considered within a strategic and contextualised framework, with an underlying objective of searching for ways to strengthen organisations for all stakeholders. This education builds the necessary knowledge base for working in employment relations, but the emphasis is knowledge in action, as inspired by the Australia Human Resource Institute's capabilities for HR professionals and UWS graduate attributes designed to bring knowledge to life.

### Study Mode

One year full-time or two years part-time.

### Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	Internal
Parramatta Campus	Part Time	Internal

### Accreditation

The Master of Commerce (HRM/IR) is accredited by the Australian Human Resources Institute (AHRI). Accreditation means that the program has effective quality assurance and that learning addresses the Model of Excellence of the AHRI, derived from international research on HR competencies.

### Admission

Applicants must have successfully completed an undergraduate degree (or equivalent) in human resource management/industrial relations or Business-related areas or

Successful completion of a Graduate Certificate in Human Resource Management and Industrial Relations (or study deemed equivalent).

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC).

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable

proof on the UAC website. Local applicants applying directly to UWS should also use the information provided on the UAC website.

International applicants must apply directly to the University of Western Sydney via UWS International.

International students applying to UWS through UWS International can find details of minimum English proficiency requirements and acceptable proof on the UWS International website.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian.

### Course Structure

Qualification for this award requires the successful completion of 80 credit points which include the units listed below. Students may exit with a Graduate Diploma or Graduate Certificate on completion of the relevant units.

Students may enrol in a maximum of 20 credit points per quarter.

### Exit Awards

## Master of Finance

### 2705.1

The Master of Finance prepares students for executive careers in finance, banking, funds management and corporate treasuries. The degree is specifically designed to encompass all these fields so that students can choose the units appropriate to their career opportunities. The degree provides students with the technical knowledge necessary to function in an evolving and increasingly sophisticated financial environment with an emphasis on the practical application of these techniques. All of the units have been developed by individuals who are actively involved in the financial sector.

### Study Mode

One and a half years full-time or three years part-time.

### Location

Campus	Attendance	Mode
Parramatta Campus	Full Time	Internal
Parramatta Campus	Part Time	Internal

### Accreditation

The Master of Finance fulfils the educational requirements for admission as a Senior Associate (SA Fin) of Finsia - the Financial Services Institute of Australasia (Finsia). Senior Associate membership with Finsia also requires at least 3 years career experience in the financial services industry. The Master of Finance also allows graduates to satisfy the education requirements for professional membership of the Finance and Treasury Association (FTA) - Certified Finance and Treasury Professional (CFTP).

### Admission

Applicants must have successfully completed an undergraduate degree in Business or Commerce or

A Graduate Certificate in Applied Finance.

Applications from Australian and New Zealand citizens and holders of permanent resident visas must be made via the Universities Admissions Centre (UAC).

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to UWS should also use the information provided on the UAC website.

International applicants must apply directly to the University of Western Sydney via UWS International.

International students applying to UWS through UWS International can find details of minimum English proficiency requirements and acceptable proof on the UWS International website.

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and UWS.

### Course Structure

Qualification for this award requires the successful completion of 120 credit points which include units listed below.

Students generally complete two units per quarter.

### Core Units

<b>51054.2</b>	Financial Modelling
<b>51163.2</b>	Financial Institutions and Markets (MAF)
<b>51168.2</b>	Funds Management and Portfolio Selection
<b>51169.2</b>	Derivatives
<b>51212.2</b>	Security Analysis and Portfolio Theory
<b>200426.2</b>	Corporate Finance (PG)

Students are permitted to complete up to two units from any other Masters degree offered by the School of Business as part of the six alternate units.

### Alternate Units

<b>51165.2</b>	Financial Institution Management
<b>51166.2</b>	Credit and Lending Decisions
<b>51167.1</b>	Law of Finance and Securities
<b>51171.2</b>	Real Estate Finance and Investment
<b>51172.2</b>	Marketing of Financial Products
<b>51173.2</b>	Strategic Bank Management
<b>51211.2</b>	International Finance
<b>200425.2</b>	Economics (PG)
<b>H7331.2</b>	International Trade and Industry Economics

## Units

---

### **U51045.4 Accounting Perspectives for Management**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

200495 - Accounting: A Business Perspective

#### **Incompatible Units**

200396 - Introductory Accounting

#### **Special Requirements**

Students must be enrolled in 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration or 9009 SGSMS PG Non-Award Program. Students undertaking a post-graduate specialisation in accounting are not permitted to enrol in U51045 as they are required to complete 200396 Introductory Accounting.

.....

In 2013 this unit replaced by 200784 Financial Decision Making. Accounting Perspectives for Managers focuses on the analytical uses of accounting information for managers. It emphasises the role of both financial and management accounting in measuring, processing and communicating information that is useful in making economic decisions.

### **200693.2 Accounting Professional Engagement (PG)**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

It is expected that students would be well advanced in their studies of accounting so they can bring together and apply the learned skills to modern business and commercial problems. As a minimum they should have completed the core accounting units. Students would be expected to undertake this unit in their final semester.

#### **Prerequisite**

**200400.3** Company Accounting (PG) AND **200494.2** Management Accounting (PG)

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

This unit focusses on the role that Accountants play in the effective management of businesses, using consulting problems and "real" case studies involving a wide range of business related issues.

### **200394.2 Accounting Research (PG)**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

Bachelor's degree in Accounting

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program within the Schools of Business or Law.

.....

This unit is concerned with understanding theory construction and research in accounting. It aims to equip students with an understanding of contemporary accounting research, which emanates from different theoretical perspectives and philosophies. A further aim is to critically evaluate recent research throwing light on theory construction, professional development and applications to accounting and related areas.

### **200389.2 Accounting Research Essay (PG)**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

Bachelor's degree in Accounting. Students need to have been introduced to accounting research methods.

#### **Prerequisite**

**200394.2** Accounting Research (PG)

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

The Unit develops students' critical and analytical skills. Students undertake and complete a research essay in areas relevant to the business environment and/or theoretical development. Research essays are offered in consultation with staff who possess research interests and experience in relevant areas and the ability to apply business and industry needs.

### **200391.2 Accounting Research Project (PG)**

**Credit Points** 20 **Level** 7

#### **Assumed Knowledge**

Bachelor's degree in Accounting. Students need to have been introduced to accounting research methods before attempting this unit.

#### **Prerequisite**

**200394.2** Accounting Research (PG)

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

The unit develops students' critical and analytical skills. Students undertake and complete a research project in an area with relevance to the business environment. Research projects are offered in consultation with staff who possess research interests and experience in the relevant areas of business and industry.

### 200395.2 Accounting Theory (PG)

**Credit Points** 10 **Level** 7

#### Special Requirements

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

This unit examines the role of accounting in society, including the function of the accounting profession in this context. The nature of the different theories advanced to explain accounting including accounting as a measurement function are also examined. Particular accounting models relevant in the current environment are also considered, together with the broader economic, sociological and ethical issues raised by their application.

### 200401.2 Accounting Theory and Applications (PG)

**Credit Points** 10 **Level** 7

#### Prerequisite

[200396.3](#) Introductory Accounting (PG)

#### Corequisite

[200400.3](#) Company Accounting (PG)

#### Equivalent Units

51264 - Financial Accounting D (PG)

#### Special Requirements

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

Basic questions of the role accounting performs in society are considered from economic, social and environmental perspectives. The nature of the statements advanced to give accounting legitimacy, together with their philosophical underpinnings, are examined. Selected accounting theories and philosophies will be examined and advanced applications in alternative accounting models considered.

### 200495.3 Accounting: A Business Perspective (PG)

**Credit Points** 10 **Level** 7

#### Equivalent Units

U51045 - Accounting Perspectives for Management

#### Incompatible Units

200396 - Introductory Accounting

#### Special Requirements

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a

postgraduate program. Students undertaking a post-graduate specialisation in accounting are not permitted to enrol in 200495 as they must complete 200396 Introductory Accounting.

.....

Accounting: A Business Perspective focuses on the analytical uses of accounting information by managers. It emphasizes the role of both financial and management accounting in measuring, processing and communicating information that is useful in making economic decisions

### 200745.2 Advanced Research Skills

**Credit Points** 20 **Level** 7

#### Prerequisite

[200743.2](#) Philosophical Foundations of Business Research

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

Advanced Research Skills is designed for students who are undertaking Doctoral studies. This unit aims to equip participants with sound knowledge of research methods in business, their criteria for use, their basis of selection, their underlying assumptions and limitations, and their computational implications and processes. The unit will introduce candidates to different methodologies in management research and will also provide in-depth study of particular methods that candidates are expected to use in their thesis, e.g. case studies, surveys, questionnaire design, conducting interviews and focus groups as well as qualitative and quantitative data analysis.

### 200361.4 Advanced Thesis Preparation

**Credit Points** 20 **Level** 7

#### Assumed Knowledge

Completion of a cognate Bachelors degree or equivalent.

#### Special Requirements

This unit can only be taken by students enrolled in courses 2724 Graduate Certificate in Research Studies, 2744 Master of Business and Commerce (Research Studies)/ PhD, 3647 Master of Science, 4651 Master of Health Science, 2601 Master of Commerce (Human Resources Management and Industrial Relations) or 2602 Graduate Diploma in Human Resource Management and Industrial Relations (exit only) who have been assigned an academic supervisor for the unit.

.....

This is a 20 credit point unit offered over two consecutive quarters. The main focus of this unit is on understanding how a research problem is identified, how literature in a research area is critically evaluated and how a comprehensive research proposal is formulated. The unit is primarily designed to assess the research readiness of the students. The overarching goal of this unit is to develop a critical spirit of inquiry by providing a structured and systematic way of thinking about writing a comprehensive research proposal. It allows students to become familiar with the requirements of thesis writing from an early stage. The unit provides students with the opportunity to engage

in a structured literature review to assist in selecting an appropriate research topic. The unit also develops an appreciation for ethical issues in research in higher degrees. Key assessment criteria include writing a critical evaluation of research papers from the literature within a chosen topic, writing and presenting a defensible research proposal.

### 200798.1 Applied Business Project

**Credit Points** 10 **Level** 7

#### Assumed Knowledge

This is the Master of Business Administration capstone unit and is recommended to be undertaken in the final quarter of study.

#### Prerequisite

**200787.1** Managerial Finance AND **200788.1** Contemporary Organisation Behaviour AND **200789.1** Emerging Leaders AND **200790.1** Developing Business Expertise AND **200791.1** Customer Value Management AND **200792.1** Innovation, Creativity and Entrepreneurship AND **200793.1** Managerial Economics AND **200794.1** Strategic Management AND **200797.1** One Hundred Days

#### Incompatible Units

200280 - Masters Project, 200715 - Contemporary Applied Research in Employment Relations, 200691 - Business Research Paper, 200775 - Contemporary Management Theory and Practice

#### Special Requirements

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, or 2755 Master of Business Administration. Students are required to complete 100 credit points of MBA units before enrolling in this unit.

.....

This is a unit in which students will have individual responsibility for the timely completion of a significant project under the guidance of a member of the University's academic staff. Students will be required to take a real business issue or problem and apply the relevant theories, frameworks and/or concepts learned throughout the MBA. Projects should focus on issues that would be addressed by senior management within an organisation, and should apply a consultancy perspective. This is the capstone unit. Students should take it as their last unit of study.

### 200733.2 Applied Channel Systems

**Credit Points** 10 **Level** 7

#### Equivalent Units

51014 - Business Marketing Strategy

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

This unit introduces students to various channel structures and their differing supply and distribution patterns; especially contemporary channel structures (Retail, eMarkets, etc.) will be addressed. Topics include value chain strategy and management, negotiation as well as the

dealing with power and other relationship atmosphere elements.

### 200766.2 Applied Strategic Hospitality Management

**Credit Points** 10 **Level** 7

#### Equivalent Units

200201 - Strategic Tourism & Hospitality Management, 200259 - Strategic Hospitality and Hotel Management

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

Understanding of strategic management (including its implementation) equips hospitality professionals for contributing to decisions to enhance organisational viability in response to pressures from competitors and changing contexts, harnessing the organisation's human resources, knowledge and creativity. This unit provides opportunities for undertaking strategic analysis using a range of frameworks, theories and tools in application to case studies. Skills for researching contemporary industry trends and other aspects of environmental scanning will be developed and showcased in reports and other media. The unit allows some choice of focus around contemporary issues facing hotels, restaurants, or special events to best suit students' career aspirations.

### 200729.1 Aspects of International Business Law

**Credit Points** 10 **Level** 7

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

International Law has been defined as that body of law which regulates States and which States feel bound to observe. It also seeks to order human affairs at the international level. As developments in technology and travel continue to shrink the distance between States, issues of International Law become increasingly important. The Unit lays the foundation for an understanding of various aspects of this system of law, particularly in its impact upon international business and the regulation of international transactions. It also deals with its relationship with domestic Australian law. It will challenge students to critically analyse the system and suggest ways in which the rules and principles can and should develop in the future in order to accommodate the changing needs and values of the international community of nations in its commercial dealings with one another.

### 200778.1 Assets and Maintenance Management

**Credit Points** 10 **Level** 7

#### Equivalent Units

200228 - Assets and Maintenance Management

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

This unit aims to provide a thorough understanding of principles, techniques, applications, strategies and processes of managing assets across various functional areas of organizations. It equips students with a practical knowledge of the latest assets and maintenance management techniques and tools through hands-on experience using an ERP system. The unit provides theoretical knowledge and skills in complete cycle of maintenance management: planning, procurement, repair, maintenance, replacement and disposal of facilities, equipment and materials. Knowledge and skills gained through lectures, case analyses and hands-on are able to contribute positively to managing a range of assets in the contemporary organisation.

### **200416.2 Assurance Services (PG)**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

Bachelor's degree in Accounting

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Head of Program or Course Advisor and must be enrolled in a postgraduate program.

.....

This unit is intended to expand disciplinary perspectives in auditing and assurance services and to give guidance for research in auditing. It examines the differences in philosophies and methods and compares contemporary and traditional approaches to assurance services. The unit also incorporates an examination of "white collar crime" and explores the role of expert witnesses and audit documentation.

### **200398.2 Auditing (PG)**

**Credit Points** 10 **Level** 7

#### **Prerequisite**

**200396.3** Introductory Accounting (PG) AND **200400.3** Company Accounting (PG)

#### **Equivalent Units**

51267 - Auditing (PG)

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

The aim of this unit is to examine the nature of modern auditing, the purposes it serves and the framework within which it operates.

### **200390.2 Business Essay (PG)**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

Bachelor's degree in Accounting

#### **Prerequisite**

**200394.2** Accounting Research (PG)

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

The unit develops students' critical and analytical skills. Students undertake and complete a research essay in an area relevant to the business environment and/or theoretical development. Research essays are offered in consultation with staff who possess research interests and experience in areas and the relevant ability to apply business and industry needs.

### **200769.2 Business Internship**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

200280 - Masters Project

#### **Special Requirements**

Students must have completed 40 credit points of core units in their approved program of study in a post-graduate business course. Enrolment in this unit is competitive and subject to availability of internship places which are administered by the Careers and Cooperative Education Unit (CCEU). Students who wish to enrol in this unit must contact their Course Advisor. Students must be enrolled in a postgraduate program.

.....

The Business Internship is designed for students who want to gain industry experience and further their studies through a 10-week business internship. This Business Internship unit is based on a project style unit which requires students to undertake a research project in their chosen field whilst attending an industry based internship. These highly sought after internships will be filled on a competitive basis and will be arranged by the UWS Careers and Cooperative Education Unit (CCEU).

### **200782.1 Business Operations Management**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

200223 - Operations Management

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit introduces participants to operations management in a range of organisational and industry contexts. Operations management is an important element of business strategy and integral to both service and manufacturing sectors alike. Students will develop an appreciation of the latest trends in operations management and the applications currently adopted in organisations. They will also learn to apply quantitative techniques for analysing problems and providing recommended solutions. This unit provides an excellent foundation for further

specialist study in operations management but also works well for students in general business programs.

### 200779.1 Business Process Integration

**Credit Points** 10 **Level** 7

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

This unit provides theoretical understanding of business process integration across key functional areas of manufacturing and service organisations. Business process integration is introduced through key process cycles including manufacturing, planning and control (MPC) in production planning, procurement cycle in purchasing and sales order processing in sales and distribution. Cross-integration of these process cycles is also illustrated using applications such as supply chain management in ERP system environment. Business process integration is demonstrated using data, application and technical integration within an ERP system environment.

### 51276.3 Business Re-engineering

**Credit Points** 10 **Level** 7

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

This unit provides an understanding of the principles and practice of re-engineering to enable the design of business processes that can enhance customer value creation while simultaneously enhancing corporate performance. The principles of business re-engineering aim at achieving breakthrough improvements in performance through a critical analysis and redesign of existing business processes. The unit aims to equip the participants with the necessary tools and techniques for carrying out a critical analysis and redesign of the operations, processes, organisation and culture of business establishments.

### 200691.2 Business Research Paper

**Credit Points** 10 **Level** 7

#### Special Requirements

Authorisation required by Course Advisor. Students must be enrolled in a postgraduate program.

.....

This unit engages the academy with commerce by integrating theory with secondary research to solve real-life business problems. Typically students choose a specific area of the discipline relevant to their graduate award and investigate a related problem at a workplace.

### 200299.3 Business Research Skills Seminar

**Credit Points** 10 **Level** 5

.....

This unit introduces students to core concepts of business research, qualitative, quantitative and mixed methodologies frequently used in business research. The unit prepares students to be able to justify the methods and tools used in

their Higher Degree by Research thesis and thus allowing them to work towards the methodology chapter of their thesis.

### LW805A.2 Capital Gains Tax (PG)

**Credit Points** 10 **Level** 7

#### Prerequisite

**AC808A.1** Taxation Planning and Implications (PG)

#### Special Requirements

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

At the completion of this course students should have an understanding of the complexities of the taxation of capital gains in Australia; an in depth understanding of the relevant capital gains provisions in the income tax legislation; and an understanding of the practical applications of the legislation in relation to the taxation of capital gains.

### 200432.2 Commercial Law (PG)

**Credit Points** 10 **Level** 7

#### Equivalent Units

51226 - Commercial Law (PG)

#### Special Requirements

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program within the Schools of Business or Law.

.....

This unit deals with concepts of Australian law and commercial legal obligations that are of importance both to professional practice and to studies in later units. The unit topics are: Australian Legal Institutions and Sources of Law, Case Law and Doctrines of Precedent, Legislation and Statutory Interpretation, The Australian Federation and Concepts of Constitutional Law, Principles of Tortious Liability, and the formation, vitiation, performance and discharge of contracts, including agency, sale of goods and consumer transactions.

### 200400.3 Company Accounting (PG)

**Credit Points** 10 **Level** 7

#### Prerequisite

**200396.3** Introductory Accounting (PG)

#### Corequisite

**200433.2** Company Law (PG)

#### Equivalent Units

51254 - Financial Accounting C (PG)

#### Special Requirements

Students wishing to take this unit as an elective need approval from an Academic Course Advisor (Accounting) and must be enrolled in a postgraduate program within the School of Business.

The goal of this unit is to identify the accounting issues that arise from the various forms of corporate organisation and how these translate into disclosure issues for financial reporting purposes. The unit includes company formation and liquidation; accounting for a group of related companies and other associated entities including partnerships, joint ventures and trusts.

### 200433.2 Company Law (PG)

**Credit Points** 10 **Level** 7

#### Prerequisite

200432.2 Commercial Law (PG)

#### Equivalent Units

51227 - Company Law (PG)

#### Special Requirements

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program within the Schools of Business or Law.

.....

This unit deals with legal issues concerning various aspects of company; incorporation, regulation, membership and capital, company management, corporate officers, meetings, relations of the company with outsiders, accounts, reports and other disclosures, arrangements and reconstruction, receivers and winding up, share acquisition and takeovers. It also focuses on a review of public policy underlying law in the above areas.

### 200776.1 Compliance Management

**Credit Points** 10 **Level** 7

#### Equivalent Units

200224 - Management of Quality

#### Incompatible Units

200227 - Performance Measurement and Benchmarking;  
H7072 - Risk Management

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

This unit comprises three modules that focus on the risk management, performance measurement, and quality systems. A framework for risk management is examined that will guide managers in developing risk management strategies in specific industries. Performance measurement and benchmarking provides firms, managers, and employees with a better understanding of the strengths and weaknesses of the organisation and its business processes. The quality systems module explores quality management principles, quality management systems, and the quality tools and techniques needed for creating customer value and improving competitiveness and organisational effectiveness. Students are required to select and study only two of the three modules.

### 200715.2 Contemporary Applied Research in Employment Relations

**Credit Points** 10 **Level** 7

#### Assumed Knowledge

Advanced knowledge of human resource management and industrial relations from completing at least 40 credit points of specialist postgraduate study.

#### Incompatible Units

51106 - Contemporary Issues in Employment Relations

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

This unit equips Employment Relations professionals to undertake research and analyse contemporary issues confronting organisations and industries. This student-centred unit provides close supervision of the research and analytical practices of students in order to enhance skill development via application to contemporary topics. Students have scope to focus on issues that are of particular concern or interest for their careers or their organisations. As an integrating unit, it allows students to bring together their knowledge and questions developed throughout their program of study to produce reports and other media that showcase professional practice and demonstrate their achievements. Relevance of stakeholders' perspectives and multidisciplinary are highlighted.

### 200730.2 Contemporary Issues in Marketing

**Credit Points** 10 **Level** 7

#### Equivalent Units

200512 - Contemporary Issues in International Marketing

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

This unit aims to build upon the knowledge gained in the foundation marketing and business units by applying the knowledge gained in that unit to specific contemporary conceptual and empirical issues in international marketing. Topics include dealing with complexity and environmental turbulence, sustainability, corporate social responsibility as well as implications of changing economies.

### 200775.1 Contemporary Management Theory and Practice

**Credit Points** 10 **Level** 7

#### Equivalent Units

51286 - Contemporary Engineering Organisation and Management Practice

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

Much of a manager's and leader's role involves application of knowledge and skills in a particular industry or

organisational context. Effective management requires diverse capabilities in analysis, research, problem-solving, information literacy, negotiation as well as influencing and interactive communication. Students will critically reflect on current theory and practice in leadership and management using interactive experiential approaches. The effectiveness of each manager's capacities to learn from experience across varied careers and contexts will be enhanced. Each student will undertake a self-development project taking into account their development needs in a work or industry context of their choice.

### 200788.1 Contemporary Organisation Behaviour

**Credit Points** 10 **Level** 7

#### Equivalent Units

U51043 - Contemporary Organisation Behaviour

#### Incompatible Units

200768 Management Skills

#### Special Requirements

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration, 2755 Master of Business Administration, 2756 Graduate Diploma in Business Administration (Exit Only), 2757 Graduate Certificate in Business Administration, 9009 SGSM PG Non-Award Program.

Contemporary Organisation Behaviour has been designed to offer you tools which can help you manage people in an increasingly complex organisational climate. Therefore, the objectives of the unit focus on critically evaluating how organisations, groups and teams, and individual behaviour, can affect work performance and productivity.

### U51043.3 Contemporary Organisation Behaviour

**Credit Points** 10 **Level** 7

#### Incompatible Units

200768 - Management Skills

#### Special Requirements

Students must be enrolled in 5500 Master of Business Administration or 9009 SGSM PG Non-Award Program.

In 2013 this unit replaced by 200788 Contemporary Organisation Behaviour. Contemporary Organisation Behaviour has been designed to offer you tools which can help you manage people in an increasingly complex organisational climate. Therefore, the objectives of the unit focus on critically evaluating how organisations, groups and teams and individual behaviour can affect work performance and productivity.

### 200415.2 Corporate Failure and Forensic Accounting (PG)

**Credit Points** 10 **Level** 7

#### Assumed Knowledge

Bachelor's degree in Accounting

#### Special Requirements

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

In the same way that the medical profession learns from autopsies, the accounting profession can learn from examining corporate collapses. This unit provides valuable lessons in accounting by examining booms and busts of previous periods and reviewing the reports of inspectors and forensic accountants who have identified deficiencies in accounting methods, internal controls and auditing.

### 200426.2 Corporate Finance (PG)

**Credit Points** 10 **Level** 7

#### Assumed Knowledge

Secondary school mathematics, and introductory economics or microeconomics.

#### Equivalent Units

51164 - Finance, 51270 - Corporate Finance (PG)

#### Special Requirements

Students must be enrolled in 2631 Master of Business and Commerce, 2655 Graduate Certificate in Business, 2686 Graduate Certificate in Accounting, 2687 Graduate Diploma in Accounting, 2689 Master of Professional Accounting, 2691 Master of Accountancy, 2702 Master of Applied Finance, 2703 Master of International Trade and Finance, 2704 Graduate Diploma in Applied Finance, 2705 Master of Finance, 2708 Graduate Certificate in Applied Finance, 2742 Master of Vocational Accounting, 2744 Master of Business and Commerce (Research Studies)/PhD, 2745 Graduate Diploma in Applied Finance or 2746 Master of Professional Accounting (Advanced)

As an introductory finance unit, this unit introduces the fundamental concepts of finance theory and tools of financial decision-making in the context of Australian institutional environment. These concepts relate primarily to the time value of money, risk and return, capital budgeting and capital structure. The purpose of the unit is to develop an understanding of the basic practices of financial management from the perspective of a firm (both large and small). Students examine the investment, financing and dividend decisions of corporations.

### 200795.1 Corporate Governance and the Global Environment

**Credit Points** 10 **Level** 7

#### Equivalent Units

500017 - Governance and Ethics

**Incompatible Units**

200432 - Commercial Law

**Special Requirements**

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 2755 Master of Business Administration, 9009 SGSM PG Non-Award Program.

.....

Corporate governance is the set of processes, policies and laws affecting the way a firm is directed, administered or controlled. This unit examines corporate governance systems and how these may contribute to sustainable enterprise. Models of corporate governance are analysed, and decision-making processes are evaluated in various economic and social contexts. The unit also introduces the institutions of the legal system, with particular emphasis on domestic and international corporations law.

**200732.2 Creating Markets**

**Credit Points** 10 **Level** 7

**Equivalent Units**

51003 - Buyer Behaviour

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

Understanding markets is central to the effective management of the marketing system. This unit is designed to provide a framework for exploring well-established, current, and emerging topics in consumer and organisational buyer behaviour. An applied approach is used to explore how buyers (from different organisational, social and culturally diverse backgrounds) behave and how strategic marketing efforts can be adapted to create value in different markets.

**101416.2 Creativity: Theory and Practice**

**Credit Points** 20 **Level** 5

**Assumed Knowledge**

Students must have completed the third year of the undergraduate program (or equivalent) in the Fine Arts, Electronic Arts, Contemporary Arts, Music, Performance, Communication or Design (Visual Communication) bachelor degrees.

**Corequisite**

**101417.2** Project Seminar and Proposal

**Special Requirements**

Students must be eligible for admission into the School of Communication Arts Honours program in order to take this unit. The proposed research must be in an area that can be supervised by a full-time academic staff member of the School of Communication Arts. This is a 20 credit point unit. Successful completion of a combination of any two of the following 10 credit point units will be accepted as equivalent for progression purposes: 100638.1 - Investigative Procedures in the Contemporary Arts, 100938 - Communication and Creative Industries, 101064 - Reading the Contemporary, 101168 - Honours Seminar.

Please see your Course Advisor to obtain Advanced Standing if applicable.

.....

Research in communication arts utilises a range of investigative procedures appropriate to the theory and practice of each creative discipline. This unit will introduce fundamental research languages, methods and outcomes relevant to the communication arts disciplines, and encourage students to develop approaches best suited to their theory and practice. Students will write and defend a research proposal and paper for a research program; the unit will enable students to apply a rigorous research framework to their work. Students will engage with a range of significant and critical texts which address broad implications of practices and theories in creative disciplines.

**51166.2 Credit and Lending Decisions**

**Credit Points** 10 **Level** 7

**Assumed Knowledge**

51163 Financial Institutions and Markets and/or 51164 Finance / 200426 Corporate Finance.

**Special Requirements**

Students must be enrolled in 2705 Master of Finance, 2702 Master of Applied Finance, 2704 or 2745 Graduate Diploma in Applied Finance, 2708 Graduate Certificate in Applied Finance or 2703 Master of International Trade and Finance

.....

This unit teaches techniques necessary for running a successful lending book. It outlines the steps which must be taken in performing credit evaluation, and provides the analytical techniques necessary to carry out such evaluation. This unit does not cover the legal aspects of financial institution lending.

**200744.3 Critical Literature Review**

**Credit Points** 20 **Level** 7

**Equivalent Units**

500029 - Critical Literature Review

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

The aim of this unit is to develop skills in applying rigorous analysis and critical assessment to research-based literature in general, through an examination of literature in a particular field. This unit is intended to provide candidates with the basic skills needed to do critical analysis of literature while also enabling them to gain more familiarity with theories, issues, and problems in a particular research area. Literature will be analysed through a balanced and constructive critique of its strengths and weaknesses, providing suggestions for how the work might have been improved.

## CO806A.2 Current Issues in Financial Planning (PG)

**Credit Points** 10 **Level** 7

### Special Requirements

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

This is a capstone unit which involves the construction of a comprehensive financial plan and a research project. Being a capstone unit it expects knowledge of all technical issues covered in core financial planning units.

## 200736.2 Customer Relationship Marketing

**Credit Points** 10 **Level** 7

### Special Requirements

Students must be enrolled in a postgraduate program.

.....

This is a hands-on unit introducing students to the concept and application of customer relationship marketing. It will present an understanding of relationship management principles as well as an overview and analysis of the various techniques available to companies. This unit will examine CRM in the context of different industries and examine the impact that CRM can have on firm performance. The key is to develop an understanding of customer and consumer needs and aspirations to create effective and long-term relationship strategies. There will be a emphasis on consumer loyalty programs and value-added services. It will also examine how CRM can fit into the overall strategy of the firm.

## 200791.1 Customer Value Management

**Credit Points** 10 **Level** 7

### Assumed Knowledge

It is expected that students will have a basic understanding of marketing prior to the commencement of this unit.

### Incompatible Units

200736 - Customer Relationship Marketing

### Special Requirements

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration, 2755 Master of Business Administration, 2756 Graduate Diploma in Business Administration (Exit Only), 2757 Graduate Certificate in Business Administration, 9009 SGSM PG Non-Award Program.

.....

In an economy where products, marketing campaigns and management practises are ever changing, business executives are increasingly recognising that understanding the value of their customers is vital to the survival of the business. Loyal customers are what every organisation seeks. However, increasingly complex supply/demand relationships also result in 'promiscuity' among customers.

Therefore, it is crucial that managers have the skills to not only strive for excellence and consistency in product-centric perspectives, but also foster and strengthen those that are customer-centric. This unit fundamentally examines the opportunities and challenges in: a) identifying customers, b) adding value to supplier/consumer relationships, including tools that firms/organisations can use to provide value for customers while ensuring profitability over the entire life of the relationship.

## 51169.2 Derivatives

**Credit Points** 10 **Level** 7

### Special Requirements

Students must be enrolled in 2705 Master of Finance, 2702 Master of Applied Finance, 2704 or 2745 Graduate Diploma in Applied Finance, 2708 Graduate Certificate in Applied Finance, 2703 Master of International Trade and Finance or 2631 Master of Business and Commerce

.....

This unit provides an introduction to the major classes of derivatives: forwards, futures, swaps and options. These are studied in detail with the objective of elucidating the ways in which these instruments can be used for the purposes of hedging, speculation and arbitrage. In addition to the analysis of derivative usage and market growth, considerable attention is given to the objective of gaining an understanding of the fundamentals of derivative pricing.

## 200790.1 Developing Business Expertise

**Credit Points** 10 **Level** 7

### Special Requirements

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration, 2755 Master of Business Administration, 2756 Graduate Diploma in Business Administration (Exit Only), 2757 Graduate Certificate in Business Administration, 9009 SGSM PG Non-Award Program.

.....

This unit addresses one of the key internal issues facing business today: understanding and using a range of business information to make strategic decisions. Students will use the knowledge gained from prior units to solve business problems, deal with unique situations or plan and manage changing circumstances. A multi-disciplinary approach to analyse business situations will be applied to enable students to recognise this inter-related nature of business disciplines. A simulated practice in the application of knowledge to complex situations will be applied to provide an experiential learning environment.

## 200716.2 Developing Human Capital

**Credit Points** 10 **Level** 7

### Equivalent Units

51176 - Employee Training and Development.

### Special Requirements

Students must be enrolled in a postgraduate program.

.....

The unit equips students to lead human resource development initiatives by developing specialist knowledge and skills. Contemporary HRD is studied within the context of strategic employment relations, challenges around talent management, the evolution of training and development in firms and in public institutions, and with some consideration of organisational learning. By working through stakeholder differences and labour market segments, students argue as they apply knowledge to different contexts. Through argument and application comes insight into critical perspectives on building human capability, career management and development, and current and future trends in HRD in a number of countries.

### **51206.2 Development of Accounting Information (PG)**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

Systems analysis and design refers to the process of examining a business situation with the intent of improving it through better procedure, methods and technology. Systems analysis and design provides a structured methodology for developing or improving information systems in business. The methodology does not necessitate the use of computers, although most contemporary business information systems are computerised.

### **200781.1 e-Business and e-Commerce Management**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

The unit provides a framework for understanding management issues, business development and technology use and change in the areas of e-business and e-commerce management. This unit introduces students to various Internet technologies and e-business applications that companies need to address for creating new business opportunities in the fast changing global business environment. Students will develop an appreciation of how e-commerce of all kinds will define business and society in the twenty-first century. Students will learn to formulate e-business strategy for an organisation and understand security, privacy and public policy issues involved in e-business.

### **200425.2 Economics (PG)**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

51265 Economics (PG)

#### **Special Requirements**

Students must be enrolled in 2603 Graduate Certificate in Human Resource Management and Industrial Relations, 2631 Master of Business and Commerce, 2632 Graduate Diploma in Business and Commerce, 2633 Graduate Certificate in Business and Commerce, 2655 Graduate Certificate in Business, 2686 Graduate Certificate in Accounting, 2687 Graduate Diploma in Accounting, 2689 Master of Professional Accounting, 2691 Master of Accountancy, 2702 Master of Applied Finance, 2703 Master of International Trade and Finance, 2705 Master of Finance, 2708 Graduate Certificate in Applied Finance, 2742 Master of Vocational Accounting, 2745 Graduate Diploma in Applied Finance or 2746 Master of Professional Accounting (Advanced).

.....

This unit concentrates on both Microeconomic and Macroeconomic theories. Microeconomics is concerned with the study of individual units within the economy - the individual consumer, the individual firm, the type of market structure facing the firm and price and output determination. Macroeconomics is concerned with analysis of the factors determining the way in which the economic resources of an economy are utilised or under-utilised.

### **200789.1 Emerging Leaders**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

Students should be aware of the content covered in the units 200783 The Business Environment and 200788 Contemporary Organisational Behaviour.

#### **Special Requirements**

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration, 2755 Master of Business Administration, 2756 Graduate Diploma in Business Administration (exit only), 2757 Graduate Certificate in Business Administration, 9009 SGSM PG Non-Award Program

.....

Developing competitive advantage in a globalised business context demands that leaders recognise the imperative of managing stakeholders during periods of significant and complex organisational strategic change. The focus of 'Emerging Leaders' is the development of skills and knowledge that underpins capacities for successful strategic partnering both within and outside the organisation. Engaging with the research and debates on leadership as they relate to current leadership practice and principles in various international and organisational contexts means these newly emerging leaders will be in a position to lead and ensure the performance of individuals, teams and organisations.

### **200767.1 Employment Relations Law**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

48024 - Employment Relations Law

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

Work and employment are governed by legislation and require ongoing negotiation among stakeholders, sometimes with the involvement of lawyers and tribunals using dispute resolution techniques. Understanding the principles of labour and employment law helps employment relations professionals define, assess and prioritise issues in terms of their potential legal ramifications. This unit provides a foundation for professionals to balance the rights and responsibilities of employees and employers under changeable legislative frameworks: from engaging employees, to health, safety and welfare, to performance management, through to termination. Learning strategies include case discussion and investigating resources available for every day professional practice.

**200717.2 Employment Relations Professional Practice**

**Credit Points** 10 **Level** 7

**Assumed Knowledge**

Basic knowledge of human resource management objectives and functions from undergraduate study or work experience; it is recommended that students complete this unit in the same quarter as 200718 Human Resource Management.

.....

Employment Relations Professional Practice concentrates on communicating and performing as employment relations professionals. Students practice the activities undertaken by professionals, such as advocacy and presentation, team work, information and knowledge management, research, analysis and problem solving, and producing reports, policies and analytical essays, with opportunities for feedback. The focus is knowledge of the ER professions, such as the role, function and ethics of human resource managers, industrial officers and the role of professional bodies in Australia and internationally. Support for academic practice will accompany professional activities. The unit is designed for those wanting to build a career in employment relations.

**200780.1 Enterprise Resource Planning**

**Credit Points** 10 **Level** 7

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

The main aim of this unit is to provide a theoretical understanding of the issues involved in the design and implementation of enterprise resource planning solutions. The broader topics include introduction to enterprise systems, the architecture of an enterprise system, building enterprise systems and development/deployment of enterprise wide solution using SAP ERP system.

**CO805A.1 Estate Planning and Professional Responsibilities (PG)**

**Credit Points** 10 **Level** 7

**Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

This unit examines issues related to estate planning including wills and powers of attorney. In addition, the legal and professional responsibilities of financial planners is covered.

**DN805A.2 Feasibility Studies**

**Credit Points** 10 **Level** 7

**Assumed Knowledge**

Knowledge of property development

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit places greater emphasis on the evaluation and development of feasibility studies for the purposes of selecting development projects, evaluating different options and making the decision as to whether to proceed to detailed feasibility study stage.

**200465.1 Financial Accounting - Critical Analysis (PG)**

**Credit Points** 10 **Level** 7

**Assumed Knowledge**

Bachelor's degree in Accounting

**Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program within the Schools of Business or Law.

.....

The unit explores external financial reporting from a wide and critical perspective. Important issues are the conceptual basis of financial accounting, measurement in accounting, including an evaluation of several current value models, users' needs for financial information, conceptual frameworks of the professional bodies, interpretation of the elements of the accounting system and harmonization of accounting standards. The particular topics emphasized in a given session will reflect current issues.

**200784.1 Financial Decision Making**

**Credit Points** 10 **Level** 7

**Assumed Knowledge**

A knowledge of basic mathematics is assumed.

**Equivalent Units**

U51045 - Accounting Perspectives for Managers

### **Incompatible Units**

200396 -Introductory Accounting, 200495 - Accounting: A Business Perspective

### **Special Requirements**

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration, 2755 Master of Business Administration, 2756 Graduate Diploma in Business Administration (Exit Only), 2757 Graduate Certificate in Business Administration, 9009 SGSM PG Non-Award Program.

.....

This unit explores the role accounting information plays in managerial decision making. Students will gain financial literacy through practical understanding of the information contained in financial reports. Appreciating the variety of uses of accounting information for planning and controlling enhances the ability to extract relevant data. This unit emphasises the function of both financial and management accounting in measuring, processing and communicating information useful for decision making.

### **51165.2 Financial Institution Management**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

51163 - Financial Institutions and Markets and/or 200426 - Corporate Finance.

#### **Special Requirements**

Students must be enrolled in 2705 Master of Finance, 2702 Master of Applied Finance, 2704 or 2745 Graduate Diploma in Applied Finance, 2708 Graduate Certificate in Applied Finance or 2703 Master of International Trade and Finance

.....

This unit covers the tactics of financial institution management and the factors which determine short-term managerial decisions in financial institutions. A major part of the unit is the discussion of asset/liability management.

### **51163.2 Financial Institutions and Markets (MAF)**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in 2705 Master of Finance, 2702 Master of Applied Finance, 2704 or 2745 Graduate Diploma in Applied Finance, 2708 Graduate Certificate in Applied Finance or 2703 Master of International Trade and Finance

.....

This unit helps students to: understand the role and nature of financial markets and institutions; develop computational skills for transactions in financial markets; understand the factors that determine share price, interest rates and exchange rates; and understand major derivative products and their use in financial markets. This subject contains financial institutions and markets and the transactions that take place in them.

### **500003.3 Financial Management**

**Credit Points** 10 **Level** 7

#### **Prerequisite**

**U51045.4** Accounting Perspectives for Management

#### **Equivalent Units**

U51048 - Corporate Finance (MBA)

#### **Special Requirements**

Students must be enrolled in 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration, 5502 Graduate Certificate in Business Administration or 9009 SGSM PG Non-Award Program.

.....

In 2013 this unit replaced by 200787 Managerial Finance. The finance skills learnt in this unit can optimally be applied at the managerial decision-making level to add the most value personally and professionally. This unit considers the concepts of finance theory and tools of financial decision-making in the context of the Australian and international institutional environments. These concepts relate primarily to the time value of money, risk and return, capital budgeting and capital structure. Students examine the investment, financing and dividend decisions of corporations.

### **200260.2 Financial Management for Hospitality and Hotel Managers**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

200346 - Accounting and Finance for Tourism and Hospitality Managers

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit presents the importance of managerial finance and accounting concepts and explains how they apply to specific operations in the hospitality and hotel industry. The focus is on the comprehending of basic financial statements, calculation of standard industry ratios and the use of financial information in the managerial decision making process.

### **51054.2 Financial Modelling**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in 2705 Master of Finance, 2702 Master of Applied Finance, 2704 or 2745 Graduate Diploma in Applied Finance, 2708 Graduate Certificate in Applied Finance or 2703 Master of International Trade and Finance

.....

This unit is essential to prepare students for applied financial analysis and modelling applications used extensively in other units in the Master of Applied Finance program. It familiarizes the students with the strengths and limitations of contemporary quantitative modelling techniques using multivariate statistical procedures and

optimization approaches. The use of appropriate software notably STATA SE V.10.

### 51214.2 Financial Statement Analysis (PG)

**Credit Points** 10 **Level** 7

#### Special Requirements

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

The major sources of information on which to base judgements on borrowing capacity, liquidity, managerial effectiveness, and investment potential remain the financial statements of an organisation. This unit is a result of the claim made by Foster, an authority in the finance field, that developments in the fields of accounting, economics, finance and statistics (as they relate to financial statement analysis) are understood well enough to permit financial statement analysis to be studied intensively.

### 200785.1 Foundations of Management

**Credit Points** 10 **Level** 7

#### Incompatible Units

200725 - Workplace Management Dynamics, 200768 - Management Skills

#### Special Requirements

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration, 2755 Master of Business Administration, 2756 Graduate Diploma in Business Administration (Exit Only), 2757 Graduate Certificate in Business Administration, 9009 SGSM PG Non-Award Program.

.....

Developing one's own professional skills, being able to assess and develop the skills of others, and astutely reading the environment, are core to high-achieving executives. Foundations of Management introduces new managers to the fundamentals of management. It takes an holistic view of three main elements related to optimal performance of managers, drawing from and reflecting upon participants' experiences. These three elements consist of the awareness of the self as manager, the skills needed when dealing with other people, and awareness of the dynamic organisational environment. The focus is developing skills through application to key organisation processes around employment, risk and innovation.

### 51168.2 Funds Management and Portfolio Selection

**Credit Points** 10 **Level** 7

#### Special Requirements

Students must be enrolled in 2631 Master of Business and Commerce, 2655 Graduate Certificate in Business, 2702 Master of Applied Finance, 2703 Master of International Trade and Finance, 2704 Graduate Diploma in Applied Finance, 2705 Master of Finance, 2708 Graduate Certificate in Applied Finance, 2744 Master of Business

and Commerce (Research Studies)/PhD or 2745 Graduate Diploma in Applied Finance.

.....

This unit provides an introduction to the theory, concepts, tools, techniques and applications of portfolio management. The Australian financial system is used for illustration. The unit introduces students to modern portfolio theory and its application to both active and passive investment management strategies.

### 200727.2 Global Business

**Credit Points** 10 **Level** 7

#### Equivalent Units

200369 - International Business Planning and Implementation

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

This unit covers activities pertinent to the planning and implementation of international business strategies. While structures and organisation of global businesses including human resource allocation are important the focus will be on risk management, governance and financial assessment of businesses. Further emphasis will be given to exporting and importing strategies and global production strategies.

### 200232.4 Global E-Business Marketing

**Credit Points** 10 **Level** 7

.....

The unit is designed to create an awareness of the requirements for using the Internet and other forms of E-business to create awareness, promote the offering and effect its distribution in international markets. The unit also explores the interaction between the internet and factors in the international business environment.

### 200728.2 Global Networks

**Credit Points** 10 **Level** 7

#### Equivalent Units

51014 - Business Marketing Strategy

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

This unit introduces students to the concept of international distribution networks and the value chains and their management. The unit explores the strategic issues of the role of building and managing international networks. Students will learn about how and why firms select and plan their entry into foreign markets, the management of intermediaries in the distribution channel (negotiation, power and type of relationships), and the methods of trade finance, insurance and logistics that companies use on a daily basis as they pursue success internationally. Emphasis will be given to contemporary channel structures such as Retail and eMarkets.

## 400548.2 Honours Pathway

**Credit Points** 20 **Level** 5

### Special Requirements

Students enrolled in 4598 Bachelor of Social Work must pass unit 400507 - Research and the Human Services.

.....

This unit is designed to support the process of completion of an honours degree and the production of an honours thesis. It is only available to students who have been accepted into the honours programmes for the following Bachelors degrees - Aboriginal Studies, Adult Education, Community Welfare, Health Science, Policing and Social Science. It is delivered in three main components - workshops and seminars; topics in research and theory; and a mini-conference

## 200765.2 Hospitality Operations and Revenue Management

**Credit Points** 10 **Level** 7

### Equivalent Units

200343 - Hospitality Operations Management

### Incompatible Units

200223 - Operations Management

### Special Requirements

Students must be enrolled in a postgraduate program.

.....

Managing revenue and distribution channels is critical to hospitality businesses' competitiveness and sustainability because of the perishable nature of hotels and restaurant services: selling the right service at the right time to the right person for the best price. This unit examines opportunities for maximising revenue and utilising resources for efficient and effective operations, using emerging information technology. Opportunities for maximising revenue are found from analysis of customers' preferences, yields, return on investment, forecasting, inventory management, and capacity planning. Tools, tactics and resources include pricing analysis, probability concepts, quality management, economic principles and strategic planning.

## 200718.2 Human Resource Management

**Credit Points** 10 **Level** 7

### Equivalent Units

46518 - Human Resource Management.

### Special Requirements

Students must be enrolled in a postgraduate program.

.....

The unit serves as an introduction to human resource management for those considering careers in employment relations and those who will potentially have people management responsibilities. HR processes and practices are studied in contexts and with a consideration of the interests of stakeholders, leading to an appreciation of the contribution of human resource management to

organisational success. Students will evaluate particular approaches to human resource management through analysing real-world cases and practical activities.

## 200695.2 Income Property Appraisal

**Credit Points** 10 **Level** 7

### Assumed Knowledge

Students undertaking this unit should have a sound knowledge of the property industry and an understanding of elementary financial mathematics.

### Equivalent Units

VA802Z - Income Property Appraisal

### Special Requirements

Students must be enrolled in a postgraduate program.

.....

Develop understanding of theory and practice of valuation of retail, office and industrial property. Critically evaluate the various risk factors in retail, office and industrial property investments. This unit concentrates upon income producing properties. It forms an essential resource for property investment analysis and property development.

## 100703.1 Independent Study 1

**Credit Points** 10 **Level** 7

.....

Independent Study 1 enables students to engage in an intensive study of an aspect of workplace learning in order to develop, implement or improve some aspect of current professional practice. It provides opportunities for students to use workplace-based research skills and related theory directly in a workplace-based research task. The workplace may be a classroom or other professional setting.

## 100705.2 Independent Study 3

**Credit Points** 20 **Level** 7

### Prerequisite

**100693.1** Evidence-based Professional Practice

.....

This unit is a continuation of Independent Study 1 and/or 2 and is designed to provide an opportunity for students to undertake in-depth research into an educational area, issue, or perspective that will make a major contribution both to their own and colleagues educational practices. This unit will contribute to the student's ability to engage with and sustain an intensive research focus on an identified aspect or aspects of workplace practice using acquired competence in research methodology. They will also be required to sustain a research focus over an extended period of time and produce a research project report. The unit is designed to advance the status of the student's profession through high level, in-depth study of a topic of major significance to the profession.

### **200719.2 Industrial Relations and Workplace Change**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

46525 - The Industrial Relations Process.

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

Industrial Relations and Workplace Change is designed to equip current and future employment relations professionals and practitioners with the knowledge necessary to analyse and implement the processes for workplace change and workplace-level bargaining. The understanding of workplace change covered in this unit includes an emphasis on rights, obligations and "voice". The unit focuses on workplace change problem solving for employee engagement and dispute resolution in both local and global workplace change contexts.

### **200726.2 Information for Business**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

200370 - Marketing Research, 200368 - International Business Research

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit examines the information requirement for effective marketing decisions. The unit explores approaches managers can use to identify information requirements and then to use different financial, environmental and market information. Topics include interpretation of business performance, preparation of marketing forecasts and budget allocations.

### **200399.2 Information Systems for Accountants (PG)**

**Credit Points** 10 **Level** 7

#### **Corequisite**

**200396.3** Introductory Accounting (PG)

#### **Equivalent Units**

51269 - Information Systems for Accountants (PG)

#### **Special Requirements**

Students wishing to enrol in this unit as an elective must gain approval from an Academic Course Advisor (Accounting) and must be enrolled in a postgraduate program in the School of Business.

.....

This unit examines the theory and application of information technology on the accounting discipline. It covers principles of systems analysis, design and database management relating to accounting information systems. The functions, control, data and processes of accounting information systems are discussed in the context of businesses. The

communication of accounting information through the internet or intranet and the development of integrated systems is also explored.

### **51277.3 Innovation and Entrepreneurship**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

Entrepreneurialism and creativity can mean success or failure for large, small and new businesses, as organisations strive to stay abreast of turbulent environments and to exploit new opportunities. This unit investigates entrepreneurialism and change, aiming to equip participants with an appreciation of entrepreneurialism, ways of managing innovation for growth, approaches to identifying and developing opportunities, ways of adding value to products and services, and strategic thinking around technological development and organisational change. Tools and concepts for entrepreneurialism and innovation are analysed and applied, such as feasibility studies, commercialisation, product life cycles, business plans, intellectual property, knowledge management and forecasting.

### **200792.1 Innovation, Creativity and Entrepreneurship**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

51277 - Innovation and Entrepreneurship

#### **Special Requirements**

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration, 2755 Master of Business Administration, 2756 Graduate Diploma in Business Administration (Exit Only), 2757 Graduate Certificate in Business Administration, 9009 SGSMS PG Non-Award Program.

.....

The aim of this unit is to provide students with the necessary skills to understand, execute and manage entrepreneurial innovation processes in firms/organisations, and be more prepared to succeed within an increasingly complex, global and highly competitive entrepreneurial environment. Firms/organisations of various sizes, including small and medium enterprises (SMEs) that are innovative and entrepreneurial provide vision, nurture creativity and idea management as part of their everyday activities and in seeking long-term sustainability.

### **CO804A.2 Insurance & Risk Management (PG)**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....  
This unit introduces students to the use of insurance to manage risk. It aims to identify, evaluate and manage risk in relation to a financial plan. In addition, a thorough coverage of available insurance products will be undertaken.

### **200392.3 International Accounting (PG)**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

Bachelor degree with a major in accounting or equivalent.

#### **Equivalent Units**

51215 - International Accounting, H7204 - International Accounting

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Head of Program or Course Advisor and must be enrolled in a postgraduate program.

.....  
The purpose of this unit is to provide students with a knowledge and understanding of the range of contemporary and emerging practices and issues associated with international dimensions of accounting, auditing and financial management.

### **200720.2 International and Global Employment Relations**

**Credit Points** 10 **Level** 7

#### **Incompatible Units**

46557 - International Human Resource Management, 46530 - Themes in International and Comparative Employment Relations

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....  
This unit is designed to put national-level employment relations into international and global perspectives. Students will be equipped to work in globalised labour markets and to assist organisations in responding effectively to international environments. The nature of globalisation, national systems of employment relations and significant contemporary human resource management issues are explored. The implications of social, cultural, political and economic factors in differing national, international and global contexts for employment relations strategies and practices are examined.

### **51026.3 International Business Environment**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....  
This unit is a foundation for students wishing to gain a better understanding of the international business environment. It provides practical guidance in how to

develop and maintain competitive advantage in the international arena. Central questions are: How can an international business survive and thrive in a dynamic, often turbulent, international business environment? Can a level playing field be constructed for developed and transitional economies alike? As many issues in international business are complex, this unit will explore the pros and cons of economic theories, government policies, business issues and political and organisational structures. A thorough understanding of the international business environment is learned through a combination of conceptual learning and applying that learning to real life international business situations.

### **51211.2 International Finance**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in 2705 Master of Finance, 2702 Master of Applied Finance, 2704 or 2745 Graduate Diploma in Applied Finance, 2708 Graduate Certificate in Applied Finance, 2703 Master of International Trade and Finance, 2631 Master of Business and Commerce or 2692 Master of International Business

.....  
The general aim of this subject is to examine how financial and non-financial firms use key foreign exchange and interest rate products to manage the risk associated with their international investment and financing decisions. This subject compliments other aspects of managerial decision-making, including the marketing and production decisions of the international firm.

### **51012.3 International Marketing**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....  
This unit covers the nature of the social, economic, political and business environment in international markets; dynamic interrelationships between the environment, marketing strategies, and practices; global market opportunity assessment, alternative entry strategies, global marketing strategy formulation, problems and current issues affecting international marketing with emphasis on the Asia-Pacific region.

### **H7331.2 International Trade and Industry Economics**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in 2705 Master of Finance, 2702 Master of Applied Finance, 2704 or 2745 Graduate Diploma in Applied Finance, 2708 Graduate Certificate in Applied Finance or 2703 Master of International Trade and Finance.

.....  
This unit is concerned with microeconomic policy development in an open economy setting. It applies and extends microeconomic theory to provide an understanding

of the principles governing the formulation of international trade and industry policies. The unit reviews traditional and recent models of the behaviour of firms in international economics. It also overviews the traditional and strategic theories of trade performance and the design, formulation and implementation of trade policy.

### **100963.3 Interpreting Australia: Australian Historians and Historiography**

**Credit Points** 10 **Level** 3

#### **Special Requirements**

Successful completion of 60 credit points

.....

The unit critically reflects on the practices and debates in the writing of Australian history. It examines the approaches of major Australian historians including Manning Clark, Geoffrey Blainey and Humphrey McQueen, as well as themes such as empiricism versus postmodernism, the 'new social history' and Marxism and Australian historiography.

### **100710.2 Introduction to Honours Research**

**Credit Points** 10 **Level** 5

#### **Assumed Knowledge**

Appropriate number of units and level of credit for honours.

#### **Special Requirements**

Students must be enrolled in 1600 Bachelor of Arts (Honours).

.....

This unit continues the work undertaken in Introduction to Honours Research and examines a range of research methods and styles relevant to the production of academic theses and essays in the humanities. Modules cover discipline specific research methods and theories in: philosophy, literary theory, linguistic theory, cultural studies, history, politics, visual art and theory, and social theory.

### **200396.3 Introductory Accounting (PG)**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

The nature of accounting requires the first unit in accounting to attend to the process and system, which represents what accountants do. Many of the most difficult theoretical, conceptual and practical problems encountered by accountants originate in the basic model  $A=O+E$  and the necessity of making data and events conform to that model. Concepts and principles in accounting ultimately must face the test of procedure and relate to the systematic processing of the data. Introduction to accounting regulation and ethics.

### **101854.1 Language and Linguistics Research Methods**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

A7444 - Language and Linguistics Research Methods

.....

This unit aims to help postgraduate students acquire the knowledge and skills to design and carry out a research project in the field of Languages and Linguistics (i.e. Contrastive Linguistics, Sociolinguistics, Language-in-Education Planning, First and Second Language Acquisition, Interpreting and Translation, Discourse Analysis and Descriptive Linguistics). It includes theoretical and practical work in specific areas of research in Languages and Linguistics.

### **101297.3 Languages and Linguistics Special Project**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

The student should be familiar with research design and procedures, as taught in units such as 101854 Language and Linguistics Research methods or be concurrently undertaking a research method unit.

#### **Equivalent Units**

100720 - TESOL Dissertation, A7526 - Languages and Linguistics Dissertation

#### **Special Requirements**

Students must be enrolled in course 1640 - Master of Arts Translation and Interpreting Studies, 1687 - Master of Arts (Research Studies)/PhD or 2724 - Graduate Certificate in Research Studies.

.....

This unit provides the opportunity for students in postgraduate Interpreting and Translation and Research Studies programs to undertake an independent research project. The topics for the projects are related to their needs and interests in areas such as languages, linguistics, translation and interpreting studies or teaching related issues.

### **51167.1 Law of Finance and Securities**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in 2705 Master of Finance, 2702 Master of Applied Finance, 2704 or 2745 Graduate Diploma in Applied Finance, 2708 Graduate Certificate in Applied Finance or 2703 Master of International Trade and Finance

.....

This unit covers the aspects of the law which are relevant to financial institutions and financing decisions. It describes the legal environment within which the finance industry operates and places special emphasis on the laws regulating the day-to-day conduct of financial business. It provides candidates with the knowledge of legal fundamentals necessary for finance professionals to

function in a business and financial environment that is becoming increasingly sensitive to legal pitfalls.

### 200494.2 Management Accounting (PG)

**Credit Points** 10 **Level** 7

**Corequisite**

**200396.3** Introductory Accounting (PG)

**Equivalent Units**

51266.1 - Management Accounting (PG)

**Special Requirements**

Students wishing to enrol in this unit as an elective need to seek approval of an Academic Course Advisor (Accounting) and be enrolled in a post-graduate program in the School of Business.

.....

The fundamental of any management accounting system in organization is to provide appropriate information for (1) costing of products and services; (2) support functions - planning, controlling, evaluation, continuous improvement and decision making and (3) competitive support - focuses on the provision of both financial and non-financial services to the management team to enhance the firm's competitiveness. This unit is designed to provide an overview in understanding all these areas of information.

### 200224.2 Management of Quality

**Credit Points** 10 **Level** 7

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

The main objective of this unit is to explore quality management principles, quality management systems, and the quality tools and techniques needed for creating customer value and improving competitiveness and organisational effectiveness. Participants will gain an understanding the notion of quality, its history and importance, definitions, basic principles, and its impact on competitive advantage and financial return.

### 200768.2 Management Skills

**Credit Points** 10 **Level** 7

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit explores the skills of managers and their effect on organisational leadership. The contemporary organisations in which we work bring together a complex array of relationships and processes that require ongoing development of a broad range of skills for the manager. Management and leadership, and the skills required for both, are not seen as separate in this unit. This unit focuses on building the skills which will best prepare managers and leaders for dynamic and changing organisational environments.

### 200793.1 Managerial Economics

**Credit Points** 10 **Level** 7

**Equivalent Units**

500032 - Economic Contexts for Managers, 500009 - International Financial Management, H7331 - International Trade and Industry Economics

**Incompatible Units**

200425 - Economics (PG)

**Special Requirements**

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration, 2755 Master of Business Administration, 2756 Graduate Diploma in Business Administration (Exit Only), 2757 Graduate Certificate in Business Administration, 9009 SGSM PG Non-Award Program.

.....

This unit introduces students to the application of basic economic concepts to managerial decision-making and their use in a range of business environments. Students will learn how to apply microeconomic tools to common problems facing business managers, such as maximising profit, setting prices, creating efficient incentive structures, and selecting competitive strategies. Case studies are also used to demonstrate the value of microeconomic tools in making business decisions, and to foster the student's application of their learning to their own business environment.

### 200787.1 Managerial Finance

**Credit Points** 10 **Level** 7

**Equivalent Units**

500003 - Financial Management

**Incompatible Units**

200260 - Financial Management of Hospitality and Hotel Managers, 400800 - Financial Management in Health Services, 400845 - Health Financial Management

**Special Requirements**

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration, 2755 Master of Business Administration, 2756 Graduate Diploma in Business Administration (Exit Only), 2757 Graduate Certificate in Business Administration, 9009 SGSM PG Non-Award Program.

.....

This unit is designed to provide students with the knowledge and skills required for understanding, analysing and solving corporate financial management issues. The focus is corporate-oriented with emphasis on the practical application of economic theory in financial decisions confronting business today.

### 500002.3 Managing People

**Credit Points** 10 **Level** 7

**Prerequisite**

500001.3 Value Chain Management OR U51043.3 Contemporary Organisation Behaviour

**Equivalent Units**

U51047 - Strategic Human Resource Management

**Incompatible Units**

200718 - Human Resource Management

**Special Requirements**

Students must be enrolled in 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration, 5502 Graduate Certificate in Business Administration or 9009 SGSM PG Non-Award Program.

.....

Managing People addresses the management of the employment relationship and work as crucial for organisational performance. The role of line managers relative to HR specialists is considered. There is an overview of human resource and industrial relations functions, with consideration of their integration with organisational strategy, around the theme of ways that human resource management can be difficult, for commercial, social, ethical and legal reasons. The scope for strategy relative to environmental imperatives is debated, using the concepts of the psychological contract and labour market competition. Participants draw from personal experience to debate theory, case studies/ simulations and contemporary developments.

### 200761.2 Managing the Hospitality Context

**Credit Points** 10 **Level** 7

**Equivalent Units**

HS801A - Hospitality Property and Facilities

**Incompatible Units**

200344 - Hospitality Facilities Development and Planning

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

The unit comprises three modules that have the hospitality setting as a central focus: Hospitality Property Analysis; Environmental Management in the Hospitality Industry, and Hospitality Risk Management. Hospitality managers must deal with financial, ethical and social issues around property, including asset management, the property's relationship to the environment, and the minimisation of risk to customers, employees and to the facility itself. Managing the Hospitality Context provides a management perspective on problem identification, assessment and evaluation in each of the three areas. Students choose two modules most relevant to their career aspirations and interests.

### 200764.2 Managing the Hospitality Experience

**Credit Points** 10 **Level** 7

**Incompatible Units**

200342 - Gastronomy and the Management of the Food Experience

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

The unit comprises three modules that have the hospitality experience as the central focus. Restaurants, special events and servicescapes all offer customers the opportunity to engage in the experience that is the hospitality industry. The unit provides a management perspective on the planning, design, operation and evaluation of each of the three interrelated types of hospitality experiences. Students are required to select and study two only of the modules.

### 200760.2 Managing the Hospitality Workforce

**Credit Points** 10 **Level** 7

**Equivalent Units**

200168 - Employment Relations in Tourism and Hospitality, 200261 - Employment Relations in Hospitality and Hotel Management

**Incompatible Units**

46518 - Human Resource Management, 200718 - Human Resource Management

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

Hospitality is about people. Motivated, skilled and engaged staff are crucial in service interactions. Multicultural and internationally mobile workforces present challenges to managers. This unit examines human resource management, industrial relations and labour markets for those who will have people management responsibilities in a range of hospitality businesses. Human resource management functions and policies are studied, with consideration of employment law and competing stakeholder interests. Contemporary trends are considered, such as work as theatre, emotional labour and aesthetic labour. Diversity management and occupational health and safety in the context of casualisation and high turnover are a focus.

### 200735.2 Marketing in Context

**Credit Points** 10 **Level** 7

**Equivalent Units**

51016 - Services Marketing Management

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit builds on previous coursework in marketing by developing analytical skills that address the specific sectors and markets. The focus is on current trends and implications that set the pace for sectors and markets. Sectors covered may include services, not-for-profit, cause-related marketing and events marketing amongst others. Markets change with environmental trends and may include hedonistic consumption, elder markets as well as government markets.

### **200738.2 Marketing Innovation**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit builds on previous coursework in marketing by developing analytical skills that address the development of strategic brands and products. It stresses customer, competitor and environmental analysis, and analysis of market segmentation and product positioning. A continual focus is made on creative and critical thinking, commercial innovation and entrepreneurship.

### **200786.1 Marketing Management**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

500000 - Marketing Management, U51046 - Strategic Marketing

#### **Special Requirements**

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration, 2755 Master of Business Administration, 2756 Graduate Diploma in Business Administration (Exit Only), 2757 Graduate Certificate in Business Administration, 9009 SGSM PG Non-Award Program.

.....

Marketing Management is designed to provide an introduction to the key concepts, principles and practices that constitute the Marketing discipline. Marketing as a business philosophy that underpins the activities of the firm is a key focus. Areas covered include: the marketing process and marketing implementation; marketing and strategic planning, including return on marketing investment (ROMI); the marketing environment; marketing research and marketing information systems; consumer and business buying behaviour; market segmentation of consumer and business markets; product development and product management; brand management; pricing strategy; communication strategy; competitive marketing strategy; marketing implementation.

### **500000.2 Marketing Management**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

Prior learning in organisational behaviour.

#### **Equivalent Units**

U51046 - Strategic Marketing (MBA)

#### **Special Requirements**

Students must be enrolled in 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration, 5502 Graduate Certificate in Business Administration or 9009 SGSM PG Non-Award Program.

.....

In 2013 this unit replaced by 200786 Marketing Management. Marketing Management is designed to provide an introduction to the key concepts, principles and practices that constitute the Marketing discipline. It will develop a focus on marketing as a business philosophy underpinning the activities of the firm.

### **51172.2 Marketing of Financial Products**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in 2705 Master of Finance, 2702 Master of Applied Finance, 2745 Graduate Diploma in Applied Finance or 2708 Graduate Certificate in Applied Finance.

.....

This unit outlines the basic principles of marketing and discusses their application to the marketing of financial services. The unit will provide an understanding of how markets function and of customer behaviour, giving students the ability to formulate a marketing strategy for financial services.

### **200737.2 Marketing Systems**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

51002 - Marketing Management

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit introduces students to marketing from a holistic point of view which considers social, economic and organisational marketing systems. The unit also covers the evolution of marketing environments and the corresponding adaptations to marketing. Further emphasis is given to businesses capacities to engage in markets and therefore considers areas such as risk management, governance and financial assessments. This unit exposes students to the systematic and analytical approaches expected from them in postgraduate studies in marketing.

### **200280.3 Masters Project**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

51019 - Applied Marketing Planning, 51030 - Masters Project in International Business, 200230 - Business Project (International Marketing)

### Special Requirements

Students must have completed 40 credit points of core units in 2692 Master of International Business or 40 credit points of core units in 2698 Master of Business (Marketing). Students must be enrolled in a postgraduate program.

.....

This unit provides students with the opportunity to apply the knowledge and skills gained in previous sessions to solve a real-world business problem. This would be an action-learning project with the student working closely with a marketing organisation or business entity to undertake an assignment for the organisation (e.g. evaluation of a particular international business opportunity culminating in specific recommendations for future action). Marketing students will investigate a domestic business project while international business students will examine an international business case.

### 100271.3 Modern Japanese History

**Credit Points** 10 **Level** 3

#### Equivalent Units

63036 - Themes in Asian History

#### Special Requirements

Successful completion of 60 credit points.

.....

This unit presents a social and cultural history of Japan from the mid nineteenth century to the present. The principle organising theme is the question of modernity: what are the different ways that Japan has expressed its modern identity? How has this been shaped by Japan's position in relation to both the West and its Asian neighbours? What is the relationship among the state, its citizens, and history in negotiating identity? How has war affected Japanese modernity and what we know of modern Japan?

### 200731.2 Multicultural Marketing

**Credit Points** 10 **Level** 7

#### Equivalent Units

51015 - Multinational Relationship Marketing

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

This unit provides students with the opportunity to learn about the cultural orientations of different groups of people often indigenous cultures are ignored by multinational companies, this unit will, by using the Australian Indigenous culture as an exemplar, explore the issue of marketing to a number of diverse cultures within the one national border. The course is designed specifically to assist students in developing a genuine appreciation for other cultures apart from one's own. It is hoped that the end result will be the attainment of a level of empathy that may assist in one's adaptation to another culture.

### 200796.1 Negotiation and Conflict Resolution Management

**Credit Points** 10 **Level** 7

#### Equivalent Units

500018 - Negotiation for Managers, 500019 - Conflict Resolution

#### Special Requirements

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration, 2755 Master of Business Administration, 2756 Graduate Diploma in Business Administration (Exit Only), 2757 Graduate Certificate in Business Administration, 9009 SGSM PG Non-Award Program.

.....

Negotiation has become a strategic necessity for many firms wishing to survive and grow in today's increasingly competitive globalised economy. Negotiation and conflict resolution errors can be costly to direct and indirect stakeholders. As such, Negotiation and Conflict Resolution Management will provide theoretical frameworks for students to develop the practical skills needed to manage the negotiation and conflict resolution needs of any organisation. Through the use of role play and simulations, students will be required to analyse corporate data and apply strategies to create a negotiated agreement. It examines negotiation in different contexts including multiparty negotiations. Emphasis is also placed on causes of conflict and how to identify potential indicators, leading to an analysis of the different conflict modes and patterns.

### 300391.2 Occupational Health Management

**Credit Points** 10 **Level** 7

#### Equivalent Units

EH831A - Occupational Health Management

#### Special Requirements

Students must be enrolled in 3602 - Master of Environmental Management, 3605 - Master of Occupational Safety, Health and Environmental Management, 3606 - Graduate Diploma in Occupational Safety, Health and Environmental Management, 3607 - Graduate Certificate in Occupational Safety, Health and Environmental Management, 3647 - Master of Science, 3648 - Graduate Diploma in Science (exit only), 3649 - Graduate Certificate in Science, 4651 - Master of Health Science, 4652 - Graduate Diploma in Health Science or 4653 - Graduate Certificate in Health Science

.....

This unit focuses on the practice of occupational health within national and international frameworks. It explores issues such as the physical, social and mental impact of the occupational environment on health and includes the human body's response to occupational health hazard exposure through toxicological and epidemiological principles. Strategies for the management of occupational health are examined, together with methods of monitoring and evaluating occupational health programs.

### **200797.1 One Hundred Days**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

Students are expected to have a basic knowledge of project management prior to commencement of this unit.

#### **Prerequisite**

**200790.1** Developing Business Expertise

#### **Special Requirements**

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 2755 Master of Business Administration, 9009 SGSM PG Non-Award Program

.....

This integrative unit focuses on the first one hundred days of a business executive who has commenced in a new management role. Students will gain insights into the challenges facing managers today and develop the skills in leadership and management expertise that were introduced in earlier units. The premise of this unit is that regardless of their level of experience, all managers undertaking new responsibilities need to understand who the key stakeholders are and what the business' personnel practices, financial objectives and marketing strategies are. Students will be given scenarios covering a range of business environments and are expected to problem solve these using the skills and knowledge learned in previous units.

### **200223.2 Operations Management**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit replaced by 200782 Business Operations Management from 2012. This unit introduces participants to operations management in a range of organisational and industry contexts. Operations management is an important element of business strategy that touches upon other business functions. Participants will learn about the role and significance of operations management and how it connects to other business functions. They will also learn and apply some quantitative techniques for analysing problems and making recommendations. This unit provides an excellent foundation for further specialist study in operations management but also works well for students in general business programs.

### **200227.2 Performance Measurement and Benchmarking**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

Performance measurement and benchmarking provides firms, managers, and employees with a better

understanding of the strengths and weaknesses of the organisation and its business processes. Performance measures are also a good way for communicating the strategies of the firm throughout the organisation. Furthermore, performance measurement is the first step in planning and implementing quality and productivity in an organisation. The unit offers an opportunity to critically review and apply a range of performance measurements, such as the balanced scorecard approach.

### **200743.2 Philosophical Foundations of Business Research**

**Credit Points** 20 **Level** 7

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit aims to develop a deeper understanding of the theoretical traditions in business research, the philosophy of science that informs research and the methodological approaches in business research. We discuss in depth the assumptions behind two major paradigms: The deductive (quantitative) and the inductive (qualitative) paradigms.

### **CO803A.1 Planning for Retirement (PG)**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

This unit provides an understanding of the complex arrangements associated with the legal and financial aspects of retirement planning. It emphasises analysis of complex recent superannuation changes.

### **CO801A.2 Principles of Financial Planning (PG)**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program within the School of Business.

.....

This introductory unit describes the nature and process of financial planning within the Australian economic and taxation environment. A range of investment products are introduced, along with an elementary exposure to risk management, retirement planning and estate planning. These issues will be extended in later units.

### **CO802A.2 Principles of Investment Planning (PG)**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....  
This unit introduces basic concepts of risk and return in relation to investment planning. Various investment vehicles are covered including shares, fixed interest investments and real estate.

### **CO813A.3 Project**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

Knowledge of all of the disciplines of property.

#### **Special Requirements**

Students must be enrolled in the Masters property program.

.....  
Project is the integrating capstone unit, which brings together the skills that property students have developed during the course in preparing a high quality professional property industry report. The unit encourages property students to demonstrate their ability to solve multi-disciplinary problems in relation to current and future property issues. The unit will also allow students to critically evaluate issues in the property industry to determine and assess potential property industry implications. The topics are determined from year to year by discussions between the individual student, the unit coordinator and the student's chosen supervisor.

### **51240.3 Project Management**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....  
This unit introduces students to the philosophy, tools and techniques for effectively managing projects in an organisation. Learning activities focus particularly on case analysis; cases of success and of failure. Participants will be required to apply lessons from cases to real-world examples in ways that are relevant to their future careers. Topics include organisational strategy and project selection, identification of stakeholder needs, project definition, tools and techniques, human resource issues, team management, project planning, developing networks, scheduling and control, resource allocation and control, cost analysis and budgetary control, and determinants of project success and project failure.

### **101417.2 Project Seminar and Proposal**

**Credit Points** 20 **Level** 5

#### **Assumed Knowledge**

Students must have completed third Year of the undergraduate program (or equivalent) in the Fine Arts, Electronic Arts, Contemporary Arts, Music, Performance, Communication or Design (Visual Communication) Bachelor degrees.

#### **Corequisite**

**101416.2** Creativity: Theory and Practice

#### **Equivalent Units**

100640 - Research Project Seminar, 101169 - Honours Thesis Proposal

#### **Special Requirements**

Students must be eligible for admission into the School of Communication Arts Honours program in order to take this unit. The proposed research must be in an area that can be supervised by a full-time academic staff member of the School of Communication Arts. This is a 20 credit point unit. The equivalent unit 101169 is 20 credit points, and advanced standing for this unit will be automatically granted. The equivalent unit 100640 is a 10 credit point unit, and therefore equivalents will be established with 4th Year Professional Program units offered by the School, e.g. Reading the Contemporary or Communication and Creative Industries. Please see your Course Advisor for further information if applicable.

.....  
This unit provides training in practical applications of research in the communication arts. Students delineate project-based research topics in their fields. Students may produce research papers, or focus on projects involving creative practical works with accompanying documentation. Students will work in class and with their supervisor, to propose and create an artistic presentation with comprehensive documentation (including theoretical underpinnings), or propose and submit a research paper. These will include literature surveys or works reviews that demonstrate the students' knowledge of their areas of specialisation. Participation in Research Seminars will give students an opportunity to present work for feedback and critique.

### **MCB617.2 Property Development (V2)**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....  
Property development is an extremely complex activity which involves a vast range of considerations over a wide range of inter related subject areas. It is probably the most complex activity undertaken by property people except perhaps 'active' property management which should incorporate property development activities. The aims of this unit are to provide a wide ranging study of the property development process including such considerations as the objectives, functions, roles and methods of operation of all those involved in the development process, the financial aspects of development, social considerations, taxation aspects, planning matters and others, and to provide students with the opportunity to develop their understanding of and their expertise in the subject.

### **MCB612.2 Property Finance and Taxation**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

Basic working knowledge of business and property operations.

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit is focussed to develop the student's knowledge of finance and taxation with particular reference to the property industry.

**200696.2 Property Investment Analysis (V2)**

**Credit Points** 10 **Level** 7

**Assumed Knowledge**

Students undertaking this unit should have a sound knowledge of the property industry

**Equivalent Units**

CO811A - Property Investment Analysis (V2)

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit introduces the concepts of investment analysis in the context of a study of the performance of individual created property investments.

**CO810A.2 Property Portfolio Analysis**

**Credit Points** 10 **Level** 7

**Assumed Knowledge**

Knowledge of property.

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit examines the role of property in an investment portfolio, with particular attention given to property portfolio performance analysis and property investment strategy. The performance analysis of both direct and indirect property is also examined to assess the strategic contribution of property to an investment portfolio.

**200462.3 Public Sector Accounting and Financial Control (PG)**

**Credit Points** 10 **Level** 7

**Assumed Knowledge**

Bachelor degree with a major in accounting or equivalent.

**Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

The public sector is a common feature of our modern society. There are a variety of entities in the public sector which account for a large proportion of national output and employment in many countries including Australia. This unit examines the role of government entities in our society, decision-making processes and their accountability structures with an in-depth examination of various

accounting, reporting, auditing, financial management and control techniques used by them.

**51259.3 Purchasing and Materials Management**

**Credit Points** 10 **Level** 7

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit provides the concepts, tools and techniques needed in purchasing and materials management. It includes purchasing policy and strategy, organising and staffing in purchasing and materials functions, supplier selection and evaluation, price/cost analysis, negotiation skills, inventory management, value analysis and standardisation, purchasing in the international market, government purchasing, and legal aspects of purchasing. These issues are examined in contexts such as the opportunities of globalisation and new information and communication technologies. A key learning strategy is case analysis.

**51171.2 Real Estate Finance and Investment**

**Credit Points** 10 **Level** 7

**Special Requirements**

Students must be enrolled in 2705 Master of Finance, 2702 Master of Applied Finance, 2704 or 2745 Graduate Diploma in Applied Finance, 2708 Graduate Certificate in Applied Finance or 2703 Master of International Trade and Finance

.....

This unit examines real estate/property as an asset class. Sectors considered are industrial, retail, residential, and agricultural/rural. The taxation environment in Australia and in selected overseas countries is examined in detail. The unit considers property performance indices (IPD/PCA Property Index in Australia, and similar property index series in USA, Canada, UK and Europe), lease incentives and effective rentals, unlisted property trusts, and pre-commitment style property valuation, including the increasing use of DCF-based techniques in the property valuation/appraisal profession in Australia and overseas.

**200692.2 Research and Communicating Skills for Accounting (PG)**

**Credit Points** 10 **Level** 7

**Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

This unit is designed to assist students enhance their research skills and their ability to make written and oral reports suitable for presentation to employers and clients in a modern business and commercial environment.

### 400421.2 Research Methods for Humanities and Social Sciences

**Credit Points** 10 **Level** 7

#### Assumed Knowledge

Students must be enrolled in a postgraduate program.

#### Equivalent Units

53220 - Research Methods for Humanities and Social Sciences

.....

In 2013 this unit replaced by 101887 - Research for Practice. This unit provides core research training within a range of postgraduate courses. It requires the completion of four research topics in the following areas: research theory and design (e.g. Epistemology, qualitative & quantitative) specific approaches (e.g. Critical discourse analysis, feminist research); data collection methods (e.g. Interviews, questionnaires) and methods of analysis (e.g. Quantitative & qualitative). This unit is offered in flexible mode according to topic (typically one day's attendance or equivalent per topic). Topics vary each session depending on student demand.

### 200397.2 Revenue Law (PG)

**Credit Points** 10 **Level** 7

#### Assumed Knowledge

200433 - Company Law

#### Prerequisite

**200432.2** Commercial Law (PG)

#### Equivalent Units

51228 - Revenue Law (PG)

#### Special Requirements

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program within the Schools of Business or Law.

.....

Australian taxation law is complex and varied. This unit briefly introduces the various types of taxes (including Goods and Services Tax) and the overall scheme for the application of taxes in Australia and then focuses on the key provisions of Income Tax Law including the interrelationship of income tax and fringe benefits tax).

### 200721.2 Reward Management

**Credit Points** 10 **Level** 7

#### Equivalent Units

51280 - Remuneration Theory and Practice

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

This unit enables employment relations professionals to deploy advanced practitioner skills in specific workplace and institutional contexts. The management and the

negotiation of reward are emphasised. Innovations such as strategic and total reward strategies are critically examined. These innovations relate to the key issues of market-imperatives and fairness, including the balance between collective and individually-determined reward and reward strategies related to performance.

### 300677.2 Safety and Risk Management

**Credit Points** 10 **Level** 7

#### Assumed Knowledge

Recognition that OHS procedures are legislatively required at the workplace and the ability to recognise the need to protect workers from harm at the workplace. Knowledge of the basics of OHS legislation in the students' jurisdiction.

#### Equivalent Units

300390 - Safety Management. 300395 - Risk Assessment

.....

This unit provides a critical insight into the theory and practice of managing safety and health at the workplace with a dual focus on risk management and safety management. Students have the opportunity to develop a safety systems approach concentrating on hazard identification, risk assessment and devising control measures incorporating safety management principles. Safety culture and its influence on OHS practice is also detailed. In addition, the unit addresses the legal underpinning of OHS requirements at the workplace. Labour market change and the role of government, unions and employer organisations are also examined. Global perspectives on OHS from various jurisdictions ranging from the USA, Hong Kong and China are also scrutinised.

### 200763.2 Sales Management and Marketing for Hospitality

**Credit Points** 10 **Level** 7

#### Equivalent Units

200174 - Strategic Marketing for Tourism and Hospitality

#### Incompatible Units

200262 - Strategic Marketing for Hospitality and Hotel Management

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

As service provision becomes increasingly important across a number of industries, some firms are moving beyond the idea of providing a service to providing a total customer experience. Managing Service and Experience introduces students to the exciting concepts of management in the service and experience economy. The unit examines the development of the experience economy and the specialist skills required to manage commercial organisations in the emerging experience economy. Key areas which are covered include: the experience economy, the characteristics of service, service development, service evaluation & service improvement.

### **51212.2 Security Analysis and Portfolio Theory**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in 2705 Master of Finance, 2702 Master of Applied Finance, 2704 or 2745 Graduate Diploma in Applied Finance, 2708 Graduate Certificate in Applied Finance or 2703 Master of International Trade and Finance

.....

This unit examines the valuation of assets, firms and securities. The focus is on the attempt by active investors to identify mispriced securities by projecting the future cash flows of a firm based on pro forma financial statements, translating those projections to values and dividing the firm value among the different security holders of the firm. Students develop their understanding of accounting, finance and economic concepts in this applied unit by building models of a firm and conducting analyses of the equity valuation.

### **200497.2 Social and Environmental Accounting (PG)**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

Bachelor's degree in Accounting

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

This unit reflects the expanding scope of corporate accountability, the rise of corporate environmentalism and the role of stakeholder pressures such as regulation in driving changes to organizational performance measurement and reporting. It provides students with an appreciation of the range of organisational stakeholders and the changing expectations for social and environmental responsibility and accountability. In particular, students will explore issues relating to social and environmental accounting, triple bottom line measurement and disclosures and corporate governance.

### **H7343.1 Special Topic in Accounting A (PG)**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program within the School of Business.

.....

This unit critically studies selected topics in accounting not addressed in detail in other masters units in accounting. The topics addressed relate to one theme. Unit available for masters only.

### **H7344.1 Special Topic in Accounting B (PG)**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program within the School of Business.

.....

This unit critically studies selected topics in accounting not addressed in detail in other masters units in accounting. The topics addressed relate to one theme. Unit available for masters only.

### **200424.3 Statistics for Accountants (PG)**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

Mathematics to the HSC level.

#### **Equivalent Units**

51268 - Statistics

#### **Special Requirements**

Students must be enrolled in a postgraduate program within the Schools of Business or Law.

.....

Statistics for Accountants introduces the basic concepts and techniques for statistical inference and decision making in a business context.

### **51109.3 Strategic Analysis and Decision-Making**

**Credit Points** 10 **Level** 7

#### **Incompatible Units**

U51050 - Strategic Management

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

Strategic management processes determine the direction of an enterprise and its viability in the light of the changes in its environments. This unit examines strategic management processes, recognising the interests of stakeholders and a range of external and internal constraints. It critically examines the major theoretical approaches to strategy and emerging trends. A strong emphasis is on the application of knowledge to industry and organisational contexts relevant to the student. Participants research and analyse how decision-making processes, leadership, and organisational politics impact on the strategy process. A dynamic, contingent and contested view of contemporary strategic management processes is presented.

### **51173.2 Strategic Bank Management**

**Credit Points** 10 **Level** 7

#### **Assumed Knowledge**

200426 - Corporate Finance and 51166 - Credit and Lending Decisions

**Prerequisite**

**51165.1** Financial Institution Management

**Special Requirements**

Students must be enrolled in 2705 Master of Finance, 2702 Master of Applied Finance, 2704 or 2745 Graduate Diploma in Applied Finance or 2708 Graduate Certificate in Applied Finance.

.....

This unit examines a range of contemporary issues facing financial services firms in the twenty-first century. The unit provides an in-depth examination of changing demands and needs of the various stakeholders of financial services firms and a major emphasis is put on the evaluation and analysis of resulting implications. For each identified issue, major conclusions are drawn and strategies developed to deal with the associated challenges and opportunities for management. Special topics are covered in line with pertinent events in the industry.

**200722.2 Strategic Employment Relations**

**Credit Points** 10 **Level** 7

**Assumed Knowledge**

Knowledge of human resource management and industrial relations from studying at least 40 credit points at the postgraduate level.

**Incompatible Units**

46519 - Employment Relations Strategy and Change.

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This capstone unit aims for students to acquire the skills, knowledge and understanding of the challenges of managing people strategically in complex and turbulent environments. The unit examines theories on business strategy, strategic management, human resource strategy and industrial relations strategy. The use of knowledge of HR and IR in strategic analysis and evaluation for transforming the people management function is explained. Management practice is considered through examining ways of acting strategically relative to tendencies for the human resource function to become mired in tactical responses. The tools and techniques for analysing, implementing and evaluating strategy are emphasised.

**200794.1 Strategic Management**

**Credit Points** 10 **Level** 7

**Equivalent Units**

51109 - Strategic Analysis and Decision Making

**Special Requirements**

This is an integrated studies unit. It is expected that students would have completed 70 cps before commencing this unit. Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration, 2755 Master of Business Administration, 2756 Graduate Diploma in Business

Administration (Exit Only), 2757 Graduate Certificate in Business Administration, 9009 SGSM PG Non-Award Program.

.....

Strategic Management integrates business functional knowledge. The practical approach provides opportunities to use a range of strategic analysis tools and to engage in problem-solving (individually and collaboratively). Simulated strategic decision-making that includes data interpretation and generating options requires exercise of communication, research, and information literacy capabilities. This unit will allow MBA graduates to interpret data, generate strategic options and contribute to strategic decision-making in a number of organisational contexts.

**200422.2 Strategic Management Accounting (PG)**

**Credit Points** 10 **Level** 7

**Assumed Knowledge**

Bachelor's degree in Accounting

**Special Requirements**

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

Contemporary management accounting systems (MAS) have been criticized for providing misleading information in changing operational environments. MAS should assist operations management with performance measures that reflect new technologies and balanced for the organizational stakeholders. This unit examines the roles of management accounting and the impact of changes on those roles. It also examines various aspects MAS design to link the organizational strategy formulation to management control.

**200777.1 Strategic Technology Management**

**Credit Points** 10 **Level** 7

**Equivalent Units**

H7104 - Strategic Technology Management

**Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit provides participants with an understanding of the diverse and complex issues surrounding the strategic management of technology. Special emphasis will be placed on the basic concepts and theories that will be needed to understand, anticipate, acquire, and use technology strategically for attaining a competitive edge in the market. The unit is of particular relevance to managers, engineers, technologists, and scientists who have, or will have, responsibilities for managing technological change and innovation.

### **H7104.3 Strategic Technology Management**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit provides participants with an understanding of the diverse and complex issues surrounding the strategic management of technology. Special emphasis will be placed on the basic concepts and theories that will be needed to understand, anticipate, acquire, and use technology strategically for attaining a competitive edge in the market. The unit is of particular relevance to managers, engineers, technologists, and scientists who have, or will have, responsibilities for managing technological change and innovation.

### **200734.2 Strategic Value Creation**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

51006 - Promotion Management, 200231 - Promotion and Advertising Overseas

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

This unit focuses on a holistic approach to creating value through the brand building process and including integrated marketing communication strategies. The main objective of the unit is to address the value creation process and the central role that brands play as the mechanism for value creation and communication with interest groups (consumers, employees and other stakeholders). This unit will also cover corporate communications and new media as means of value creation strategies.

### **200329.3 Supply Chain Management**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

The movement of product from suppliers through to transformation at a factory and then on forward to distributors and customers is an expensive process. The ability of the manager to balance these costs against increasing customer service expectations and to integrate the complex network of business relationships of the organisation is essential. Supply chain management goes beyond operational and logistical issues to cross-functional integration of key business processes both within the organisation and across the external network of organisations that comprise the supply chain. Managing the supply chain in the context of globalisation and increasing international trade provides opportunities for delivering value to customers. Case studies are a key learning strategy.

### **AC808A.1 Taxation Planning and Implications (PG)**

**Credit Points** 10 **Level** 7

#### **Special Requirements**

Students must be enrolled in 2705 Master of Finance, 2702 Master of Applied Finance, 2704 or 2745 Graduate Diploma in Applied Finance, 2708 Graduate Certificate in Applied Finance or 2703 Master of International Trade and Finance

.....

This unit provides an overview of complex tax areas which affect financial planning. It explores most areas of taxation including identifying income and deductions as well Capital Gains Tax and GST. It concludes with an analysis of tax avoidance issues as they affect financial planners.

### **200783.1 The Business Environment**

**Credit Points** 10 **Level** 7

#### **Incompatible Units**

200223 - Operations Management, 200425 - Economics (PG), 200782 - Business Operations Management, 200726 - Information for Business, 51026 - International Business Environment

#### **Special Requirements**

Enrolment in this unit is restricted to students in the following courses: 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration (Exit Only), 5502 Graduate Certificate in Business Administration, 2755 Master of Business Administration, 2756 Graduate Diploma in Business Administration (Exit Only), 2757 Graduate Certificate in Business Administration, 9009 SGSM PG Non-Award Program.

.....

This unit introduces students to different aspects of the business environment so they develop a general understanding of a wide range of topics within the field of commerce. Management, marketing, legal and economic perspectives are explored as components of business structures taking into account the interactions between political, social, and fiscal environments. It is recommended that students undertake this unit in their first quarter of study.

### **200762.2 The International Hospitality Industry**

**Credit Points** 10 **Level** 7

#### **Equivalent Units**

200347 - The Tourism System, 200258 - The Hospitality Industry

#### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

International hospitality, including hotels, leisure, and allied services, is an increasingly important component of the global economy in the transition from a commodity-based economy to the 'experience economy'. The unit examines the development of the concept of hospitality and the

commercial provision of hospitality services. The industry's economic and social significance is evaluated. This unit canvasses many facets of the industry to help graduates assess and understand new trends relative to the historical and global evolution of the industry in its varied social and economic contexts. Skills in cross-cultural communication required by managers are examined, with opportunities for practice.

### 100926.3 The Language of the Law

**Credit Points** 10 **Level** 7

#### Equivalent Units

A7528 - The Language of the Law

.....

This unit aims to develop in students an understanding of the intricacies of the language of the law when used in written documents and mainly in the context of the courtroom. It will provide students with a historical overview of the development of Law English, its aims and purposes and its current uses. Special emphasis will be placed on the implications of legal language on legal translations and court interpreting, but the unit is suitable for monolingual students interested in the language of the law.

### CO809A.2 The Property Environment

**Credit Points** 10 **Level** 7

#### Special Requirements

Students must be enrolled in a postgraduate program.

.....

This unit is part of the foundation for the other property units in the Master of Commerce course. Students will develop an understanding of the property industry and its role in the investment context, as well as the collection and analysis of property data. The areas of markets, institutional property portfolios, the role of Government policy, and the controls that effect development will all be studied.

### 200464.2 The Role of Accounting in Corporate Governance (PG)

**Credit Points** 10 **Level** 7

#### Assumed Knowledge

Undergraduate or equivalent degree in Accounting

#### Special Requirements

Students wishing to take this unit as an elective need approval from the Course Advisor and must be enrolled in a postgraduate program.

.....

Good corporate governance is crucial to the sound functioning of the economic systems. Not only has the topic succeeded in attracting much attention to adopt best practices in improving corporate performance and sustainable economic growth, but also it has drawn attention to the importance of high level of transparency and accountability to the various stakeholders. This unit is concerned with the role of accounting and auditing in the corporate governance process.

### 500001.3 Value Chain Management

**Credit Points** 10 **Level** 7

#### Equivalent Units

U51049 - Operations Management and Leadership

#### Incompatible Units

200223 - Operations Management

#### Special Requirements

Students must be enrolled in 5500 Master of Business Administration, 5501 Graduate Diploma in Business Administration, 5502 Graduate Certificate in Business Administration or 9009 SGSM PG Non-Award Program.

.....

Value Chain Management introduces the management of operations in the value chain for many industry sectors (including services, public sector, manufacturing and distribution). The objective is to equip future managers with an ability to analyse value creation and business performance in a range of situations. The knowledge and analytical skills developed will facilitate consideration and appropriate management of the operational and supply chain issues of many aspects of business that participants will encounter in later MBA units and in their organisations. Learning activities emphasise case analysis and reflection, as well as quantitative techniques that can support decision-making and evaluation.

### 100294.3 Warlords, Artists and Emperors: Power and Authority in Premodern Japan

**Credit Points** 10 **Level** 3

#### Special Requirements

Successful completion of 60 credit points.

.....

This unit will look at the historical heritage of Japan that is central to contemporary Japanese identity and culture. The historical heritage considered includes Zen, samurai culture, Japanese artistic achievement, the Emperor, who still pays respect to 'the Divine ancestors' on ceremonial occasions, "great" Buddhist temples, Shinto, Shogun, the court, religion, military lords and warlords. The unit explores Japan's historical heritage in relation to industries and institutions, such as the tourist industry and investigates how power, authority, and art are linked?

### 200723.2 Work, Society and Labour Markets

**Credit Points** 10 **Level** 7

#### Incompatible Units

47021 - Work and Society.

.....

Society shapes work and labour markets, but society in turn is influenced by work and labour markets. Key factors are dominant social values and norms as well as economic, technological, demographic and political changes. This unit equips students to analyse and respond effectively to these interactions and changes in a range of contexts. A key theme is the changing patterns and nature of work (paid and unpaid), workforce participation, and the impact on

stakeholders such as individuals, families and communities. Future trends and directions in relation to work, society and labour markets are explored.

## **200724.2 Workforce Planning**

**Credit Points** 10 **Level** 7

### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

In an era of globalisation and economic and social change, workforce planning is a strategic tool, both for the management of organisations and human resource strategy, and for broader issues of public policy and economic development. The unit is designed to enable employment relations professionals to plan for building organisational capability. Planning for demographic changes, skill shortages and economic shocks is crucial for managing risk and growing organisations, but makes planning more difficult and complex. The aim is for managers to influence organisations by demonstrating the vital importance of planning in relation to sustainability and to undertake planning using quantitative tools.

## **200725.2 Workplace Management Dynamics**

**Credit Points** 10 **Level** 7

### **Incompatible Units**

200359 - Dynamics of Workplace Management, 51031 - Managing Diversity.

### **Special Requirements**

Students must be enrolled in a postgraduate program.

.....

Workplace interactions are dynamic, fluid and responsive to changing economic, social and political circumstances. Adopting a critical approach, the focus is on the concerns of managers and employees in their day-to-day interactions. The unit explores the impact of organisational and socio-economic change on organisations with emphasis on the impact of the new forms of work and technology, economic developments, diversity and cross-cultural communication. Dynamics equips business students with the ability to analyse and manage a changing business environment, appropriate for careers in Australia and internationally.
