FINANCIAL MATHEMATICS, TESTAMUR MAJOR (T096)

Western Sydney University Major Code: T096

Previous Code: MT3039

Available to students in other Western Sydney University programs?
No

Sophisticated mathematical techniques, such as stochastic calculus, are critical tools in modern finance. Building on the content taught in the Bachelor of Mathematics, this major equips graduates with the required knowledge, as well as with the background that is required to apply this knowledge successfully. In this major, you will learn not only the essential mathematical skills, but you will also take subjects from the School of Business as well as data science subjects that put these skills in context. The combination of theoretical skills and practical applications will give you the extra edge over competitors in the job market.
