

HEALTH MANAGEMENT, MAJOR

Western Sydney University Major Code: 0170

Previous Code: M4010.1

Available to students in other Western Sydney University programs?

No

The Health Management major offers a broad understanding of the complex social, economic and cultural determinants of health and well-being. The current health care context and service systems are examined and students are encouraged to consider new directions for innovative service design and delivery. Graduates will be skilled in understanding, managing and responding to rapid changes within the health care system, the broader political sphere and in areas that deal with policy and service assessment, development and evaluation.

Location

Campus	Mode	Advice
