

HEALTH SERVICES MANAGEMENT, MAJOR (0053)

Western Sydney University Major Code: 0053

Previous Code: M4020.1

Only available to 4656 Bachelor of Health Science students

Health Services Management plays a vital role in ensuring that investment in health is well spent and that businesses are efficient and sustainable. Graduates will be skilled in managing and responding to change within the health system and in roles that deal with policy initiative, development and evaluation. The major complements the comprehensive foundation in the health sciences, of the Bachelor of Health Science, and will develop the competencies important for ethical practice, quality care and the skills to work in multidisciplinary teams. The Health Services Management major includes 140 hours of professional placement experience in unit BUSM 2044 Health Service Management. Students in T109 Clinical Science, who would not otherwise have the opportunity to take the 140-hour unit MEDI 3007 Professional Health Placement may choose to do so. The Major is identified on a graduate's academic transcript as a completed unit set.
