

MANAGEMENT, MAJOR

Western Sydney University Major Code: 0136

Previous Code: SP2006.1

Available to students in other Western Sydney University

Programs: Yes. Check that your program has the available credit points required to complete the subjects in this field of study. Any requisite requirements must also be met. Consult your Program Advisor for further advice.

This major critically examines strategic management processes in various business, industry and economic contexts. It also explores the processes and challenges encountered by leaders in contemporary organisations, taking into account rapidly changing environments with a focus on quality management, risk management, and performance measurement and benchmarking. Students actively participate in experiential learning focussing on strategic leadership, visioning, situation analysis, objective setting and evaluation. Students apply current models and theories to solving industry-specific problems and scenarios.

Location

Campus	Mode	Advice
