

MARKETING, MINOR

Effective from: 2022

Western Sydney University Minor Code: 0291

Previous Code: SM2060

Available to students in other Western Sydney University

Programs: Yes. Check that your program has the available credit points required to complete the subjects in this field of study. Any requisite requirements must also be met. Consult your Program Advisor for further advice.

The marketing minor provides students with a grounding in the practice of marketing and its application to any type of organisation. In this minor, students can extend that knowledge into more specialised aspects of marketing such as brand and product development, promotion, strategic marketing and marketing analytics. Students gain communications and analytic skills in assessing and developing key elements of a marketing strategy. There are practical industry-related activities helping students compile a business portfolio for presentation to potential employers.
