

PUBLIC HEALTH, MINOR (0055)

Western Sydney University Minor Code: 0055

Previous Code: SM4003.1

Available to students in other Western Sydney University

Programs: Yes, however the following restrictions apply.

NOTE: Available to students from all other programs except those with majors in T021 Public Health or 0055 Public Health. Public health is the science of disease prevention, prolonging life and improving health for individuals and their communities. The Public Health Minor can be used to complement study in another health or interdisciplinary course and students will study topics in health prevention, disease control, population health assessment and measurement, environmental health and community engagement.
