

TUBERCULOSIS MANAGEMENT, TESTAMUR MAJOR (T093)

Western Sydney University Major Code: T093

Previous Codes: A4062.1, A4063.1, A4064.1, A4065.1

Available to students in other Western Sydney University programs?
No

The aim of the Tuberculosis Management major is to provide Registered Nurses with the specialist theoretical knowledge and critical thinking skills to prepare them for advanced practice in the clinical management of Tuberculosis among individuals and communities. Students will be able to align their career goals with their professional knowledge and skills in the major. Opportunities will be provided for students completing the Masters level major to synthesise and apply advanced nursing concepts through a capstone project relevant to their professional specialty area.
