The Bachelor of Communication (Dean's Scholars) encompasses a range of studies in the fields of communication, media and design including specialised studies in the major fields of Advertising, Journalism, Public Relations and Media Arts Production. Teaching includes both theory and practice with reference to real world contexts highlighting future career opportunities in a convergent digital media world. Through classwork, independent study and engagement with the multicultural nature of our communities, students develop an understanding of the local and international relevance of their chosen studies, with opportunities to develop and produce a range of media outcomes as applied research and professional projects throughout their studies. Through self-directed, team-based and problem-based learning strategies requiring active participation in the community and professional contexts, graduates learn to reflect and value ethical and intellectual conduct as well as respect for diversity and social justice principles.

This degree is exclusively for high-achieving students, and will continually challenge you to do even better and build on your academic success.
