

BACHELOR OF DESIGN AND TECHNOLOGY (3729)

Approved Abbreviation: BDes&Tech

Western Sydney University Program Code: 3729

CRICOS Code: 041034F

This program applies to students who commenced in 2021 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

For commencement year 2020, please refer to: 3729.3 Bachelor of Design and Technology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3729.3>)

For commencement year 2018-2019, please refer to: 3729.2 Bachelor of Design and Technology (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=3729.2>)

Handbook Summary 2021 - 2022

The Design and Technology program provides a sound knowledge in a broad range of work-ready design skills, including thinking methods, drawing skills for creativity, design innovation, product design, human factors, design management, and 2D and 3D CAD. This program can lead to multiple career outcomes, including product design, packaging, 3D modelling, rapid prototyping with 3D printing, design for sustainability, new product-oriented Start-Up, or secondary school teaching (with additional qualifications). Fields of Study include Design Practice, Graphic Design, Cultural Studies, UX, Manufacturing, and Sustainable Futures. Students wishing to become industrial designers can articulate in the fourth year of the Bachelor of Industrial Design.

Parts of this course may be taught at the Parramatta City - Hassall St campus or at the Parramatta South campus.

Handbook Summary 2023

The Design and Technology Program is a catalyst for innovation in product design, service design and design for sustainability, drawing together an all-disciplines approach mindset highly valued by employers. It responds flexibly to the varying needs and the power of integrated design for communities, industry, entrepreneurial pursuits and design education.

The Design and Technology degree provides skills development in a broad range of work-ready design skills, including design thinking methods, drawing skills for creativity, design innovation, product design, human factors design, design management, and 2D and 3D CAD with the latest internationally recognised software. Students also work collaboratively in teams and with clients on industry projects whilst utilising the extensive Design Studio and Advanced Prototyping Workshop facilities available to them.

This program prepares students for multiple career outcomes, including product design, packaging, 3D modelling, rapid prototyping with 3D printing, design for sustainability, new product-oriented venture Start-Ups, high-level verbal and visual presentation and if preferred, secondary school teaching with additional WSU qualifications in Master of Teaching (Secondary). Studies are held at the Parramatta Engineering Innovation Hub.

Effective Design career professionals require a broad range of knowledge to allow them to connect and work with colleagues across many disciplines. To assist students to flexibly build their career pathways, the Bachelor of Design and Technology provides elective

options in order to complete a major; or one or two minors; or explore a range of free electives in areas of interest across the university.

Study Mode

Three years full-time or six years part-time.

Parramatta City Campus	Full Time	Internal	See above
Parramatta City Campus	Part Time	Internal	See above

Parts of this course may be taught at the Parramatta City - Hassall St campus or at the Parramatta South campus.

Accreditation

Graduates are eligible for membership of the Design Institute of Australia (DIA).

Admission

Assumed knowledge: any two units of English plus at least two units of Design, Design and Technology, Visual Arts, Digital Multimedia, Engineering, or Business Studies

Alternate Entry

Entry by interview in which personal aptitude, experience, and educational qualifications are taken into consideration supported by a portfolio of works. After applicants have applied, they are required to book an interview and download a questionnaire at the University's online booking system. The questionnaire provides applicants further information on how to prepare their portfolio and for the interview.

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

International students currently completing an Australian Year 12 in or outside Australia, an International Baccalaureate in Australia or a New

Zealand National Certificate of Educational Achievement (NCEA) level 3 must apply via UAC International.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

Sequence Current

Qualification for this award requires the successful completion of 240 credit points which include the subjects listed in the recommended sequence below.

Students must complete at least 60 credit points at Level 3 or higher.

The core subjects are taught at the Parramatta City (Hassall St) campus.

Students may be required to travel to different Western Sydney University campuses to complete Majors, Minors or elective subjects.

Recommended Sequence 2021 - 2022

Students may be required to travel to different Western Sydney University campuses to complete the elements of their program.

Qualification for this award requires the successful completion of 240 credit points which include the subjects listed in the recommended sequence below.

To be eligible to graduate from this program, students are required to complete a minor from the list below.

Students must complete at least 60 credit points at Level 3 or higher.

Parts of these units may be taught at the Parramatta City - Hassall St campus or at the Parramatta South campus.
