

BACHELOR OF INFORMATION SYSTEMS ADVANCED

Effective from: 2022

Approved Abbreviation: BInfoSysAdv

Western Sydney University Program Code: 3688

AQF Level: 7

CRICOS Code: 079493K

This program applies to students who commenced in 2022 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

Commencement 2014 – 3688.1 Bachelor of Information Systems Advanced

This degree focuses on computing and information technology in the context of business. In addition to the generic content described for Bachelor of Information Systems, this program utilises advanced activities, extension projects, research training and hands on work on real business projects.

During this program you will have a mentor who will support and guide you throughout the degree. This program will also link you with experienced academic staff and industry partners who will provide you with continuous training and supervision. In addition you will be invited to join research groups which will allow you to take part in large research projects.
