

# MASTER OF DATA ENGINEERING (3802)

Western Sydney University Program Code: 3802  
AQF Level: 9

CRICOS Code: 114849C

This program applies to students who commenced in Spring 2024 or later.

The Master of Data Engineering offers students comprehensive training in data infrastructure design, construction, and maintenance. With a blend of theoretical study and hands-on projects, students cultivate technical prowess and problem-solving aptitude for intricate data issues in diverse sectors. Industry involvement is stressed, facilitating collaborations with professionals for real-world experience. Graduates of this program will have the opportunity for careers in technology, finance, healthcare, e-commerce, and consulting domains, where data engineering is pivotal for insights' extraction.

## Early Exits

Students may exit this program on completion of 40 credit points with a Graduate Certificate in Data Science (3751) (<https://hbook.westernsydney.edu.au/programs/graduate-certificate-data-science/#text>) or on completion of 80 credit points with a Graduate Diploma in Data Science (3750) (<https://hbook.westernsydney.edu.au/programs/graduate-diploma-data-science/#text>).

## Study Mode

Two years full-time or four years part-time.

## Program Advice

Program Advice (CDMS@westernsydney.edu.au)

Prospective students should visit the following websites for general enquiries about this program.

Enquire about this program (<https://enquiry.westernsydney.edu.au/courseenquiry/>) | Local Admission (<https://www.westernsydney.edu.au/future/>) | International Admission (<https://www.westernsydney.edu.au/international/home/apply/admissions/>)

## Work Integrated Learning

### Work Integrated Learning

Western Sydney University seeks to enhance student learning experiences by enabling students to engage in the culture, expectations and practices of their profession or discipline. This program includes a placement or other community-based unpaid practical experience.

Applicants must have successfully completed an undergraduate degree, or higher, in any discipline.

### Additional Information

Previous experience of statistics or computer programming will be an advantage but is not essential.

Applicants with the following may be eligible to receive credit for prior learning up to 80 credit points:

- an undergraduate degree in data science and 2 years full-time equivalent managerial / professional work experience in roles relating to data science, machine learning, statistician, data analyst or associated roles

OR

- a graduate certificate, or higher, in data science.

Applicants seeking admission on the basis of work experience must support their application with a Statement of Service for all work experience listed on the application.

Statement of Service form ([https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement\\_of\\_Service.PDF](https://www.westernsydney.edu.au/content/dam/digital/pdf/Statement_of_Service.PDF))

Applications from Australian and New Zealand citizens and holders of permanent resident visas may be made via the Universities Admissions Centre (UAC) or directly through the Western Portal. Use the links below to apply via UAC or Western Sydney University. Applications made directly to Western Sydney do not have an application fee.

<http://www.uac.edu.au/>  
<https://westernsydney.uac.edu.au/ws/>

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to the University should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

All other International applicants must apply directly to the University via the International Office.

International students applying to the University through the International Office can find details of minimum English proficiency requirements and acceptable proof on their website.

International Office (<http://www.westernsydney.edu.au/international/>)

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and Western Sydney University.

## Program Sequence

Qualification for this award requires the successful completion of 160 credit points which include the subjects listed in the recommended sequence below.

### Start Year Intake

Course	Title	Credit Points
<b>Year 1</b>		
<b>Autumn session</b>		
MATH 7016	The Nature of Data	10
COMP 7024	Programming for Data Science	10
COMP 7003	Big Data	10
COMP 7016	Visualisation	10
<b>Credit Points</b>		<b>40</b>

**Spring session**

COMP 7023	Predictive Analytics	10
ENGR 7017	Professional Practice and Communication	10
INFS 7007	Systems Analysis and Database Management Systems	10
Select one elective		10
<b>Credit Points</b>		<b>40</b>

**Year 2****Autumn session**

COMP 7004	Cloud Computing	10
COMP 7026	Data Engineering Fundamentals	10
Select two electives		20
<b>Credit Points</b>		<b>40</b>

**Spring session**

INFO 6001	IT Project Management	10
INFO 6003	Postgraduate Research Project	10
COMP 7027	Advanced Data Engineering	10
Select one elective		10
<b>Credit Points</b>		<b>40</b>
<b>Total Credit Points</b>		<b>160</b>

**Mid-year Intake**

Course	Title	Credit Points
--------	-------	---------------

**Year 1****Spring session**
