

MASTER OF EDUCATION (1911)

Approved Abbreviation: MEd

Western Sydney University Program Code: 1911

AQF Level: 9

This program applies to students who commenced in 2022 or later.

The Master of Education critically examines recent developments in theory, policy, practice and methodologies for research for educators across early childhood, primary, secondary, tertiary, TAFE, community-based and other professional settings. Students will develop knowledge of research principles and practices and review and evaluate theory and scholarship in their area of specialisation. They will apply concepts and theories to new bodies of knowledge and practice; design original evidence-based investigations; and analyse and synthesise a range of data about complex problems in order to reframe problems and generate solutions. Students will develop and evaluate innovations to improve learning outcomes in workplace settings, communicate their findings to diverse audiences and contribute to scholarship in their specialisation. This program is delivered online.
