

UNDERGRADUATE CERTIFICATE IN CYBERSECURITY, CYBERCRIME AND BEHAVIOUR (7179)

Approved Abbreviation: UGCertCysecCycrimBeh
Western Sydney University Program Code: 7179
AQF Level: 5

This program is suspended from Block E, 2024, no new students will be admitted from this session.

This program applies to students who commenced in Block C, 2021 or later.

This program serves as an introduction to the field of cyber security and a pathway into the Bachelor of Cyber Security and Behaviour. This field of study involves psychological theory and research to understand cyber security issues in the context of decision-making, human errors, social influence, organisational cultures and vulnerable populations. As cyber threats become more sophisticated and damaging across all types of organisations, cyber security has become one of the nation's top priorities. Students will build a foundation in conventional computer and network security concepts and skills which will prepare them for further study or entry level IT positions.

Study Mode

Six months full-time.
