

UNDERGRADUATE CERTIFICATE IN ENGINEERING (7182)

Approved Abbreviation: UGCertEng
Western Sydney University Program Code: 7182
AQF Level: 5

This program has been suspended from 2023.

This program applies to students who commenced in Block C, 2021 or later.

The fourth industrial revolution, also known as Industry 4.0, is affecting almost every industry worldwide and rapidly transforming how businesses operate. The Undergraduate Certificate in Engineering is designed to provide basic employability skills and an introduction to the skills needed to navigate Industry 4.0. In addition to introducing students to the skills, knowledge, and attributes required for further studies in Engineering, students who successfully complete the Undergraduate Certificate will gain entry into the Diploma of Engineering.

Study Mode

Six months full-time.
