Assumed Knowledge

Students enrolling in this subject should have an understanding of basic statistics and a fundamental understanding of the consumer-driven nature of the economy. This subject will build on aspects of agri-food supply chains introduced in earlier subjects in the Bachelor of Sustainable Agriculture and Food Security program.

Assessment

The following table summarises the standard assessment tasks for this subject. Please note this is a guide only. Assessment tasks are regularly updated, where there is a difference your Learning Guide takes precedence.
