

ARCH 7006 URBAN PLANNING PLACEMENT PROJECT

Credit Points 10

Legacy Code 102604

Coordinator Andrew Gorman-Murray ([https://directory.westernsydney.edu.au/search/name/Andrew Gorman-Murray/](https://directory.westernsydney.edu.au/search/name/Andrew%20Gorman-Murray/))

Description This Urban Planning Placement Project subject provides Master of Urban Management and Planning and Master of Planning students with an understanding of the planning/urban management workplace. Students are placed with local planning or urban management employers to work on a variety of planning tasks. Placements are structured for student engagement in professional work in planning. Placement agencies ensure that students are supervised by experienced planners, are mentored through site visits and work on planning projects in a professional capacity. Agreements with supervisors and clear communication lines are set to clarify student engagement and their involvement in meaningful professional tasks that contribute to an authentic learning experience, rather than simply unpaid or irrelevant labour.

Restrictions

Students must be enrolled in 1873 Master of Urban Management and Planning or 1712 Master of Planning.

Learning Outcomes

On successful completion of this subject, students should be able to:

1. Appreciate the role and function of the relevant employers in the NSW Planning/Urban Management system through engagement in professional planning work.
2. Understand the role of planners/urban managers through interactions with and supervision from experienced planners in the workplace.
3. Critically reflect on the learning they have gained in their workplace in demonstration of the links between theoretical knowledge of the discipline and its practical application.
4. Demonstrate the planning skills and knowledge acquired in their academic training in consideration of the ethical dimensions, issues and relevant guidelines when working in a professional context.

Subject Content

1. An introduction to work based learning, as part of a professional practice-oriented course that delivers advanced knowledge and

practical skills applicable in the urban management and planning profession.

2. Compilation of a detailed professional reflective journal for the production of a critical reflective report
3. Interview skills, and building a professional relationship with a prospective employer
4. Seventy hours of professional work placement.
5. Mid placement seminar and journal review

Assessment

The following table summarises the standard assessment tasks for this subject. Please note this is a guide only. Assessment tasks are regularly updated, where there is a difference your Learning Guide takes precedence.
