CIVL 3002 CONCRETE STRUCTURES (UG)

Credit Points 10

Legacy Code 300736

Coordinator Ee Loon Tan (https://directory.westernsydney.edu.au/search/name/Ee Loon Tan/)

Description This subject covers the basic elements of structural behaviour and design with reinforced and pre-stressed concrete. Students will learn to analyse the section capacity of reinforced concrete beams, slabs, and columns, and design simple suspended structures. The subject places a strong emphasis on the process of structural design.

School Eng, Design & Built Env

Discipline Structural Engineering

Student Contribution Band HECS Band 2 10cp

Check your fees via the Fees (https://www.westernsydney.edu.au/currentstudents/current_students/fees/) page.

Level Undergraduate Level 3 subject

Pre-requisite(s) CIVL 2007

Co-requisite(s) CIVL 3014

Equivalent Subjects CIVL 3001 - Concrete Structures (UG)

Assumed Knowledge

Knowledge of engineering mechanics and statics.

Learning Outcomes

On successful completion of this subject, students should be able to:

- 1. Discuss the properties of fresh and hardened concrete
- Apply limit state design concepts to concrete elements and whole structures
- 3. Determine design actions for and analyse concrete structures to obtain internal design action effects
- 4. Design concrete elements based on evaluated design action effects
- Apply relevant Australian Standards for concrete structures and loading in the designing of concrete structural elements
- Analyse and interpret the behaviour of concrete structural elements subjected to appropriate design loads

Subject Content

Materials, the design process, Standards

Beams: flexural strength analysis, flexural behaviour, shear, deflections and cracking.

Basic pre-stressed design.

Columns: ultimate strength, slenderness effects. Slabs: simplified design, simple analysis for deflections.

Assessment

The following table summarises the standard assessment tasks for this subject. Please note this is a guide only. Assessment tasks are regularly updated, where there is a difference your Learning Guide takes precedence.

Туре	Length	Percent	Threshold	Individual/ Group Task
Report	approx. 20 pages	30	N	Group
Intra-session Exam	1 hr - Closed book	20	N	Individual
Final Exam	2 hrs - Closed Book	50	N	Individual

Teaching Periods

Sydney City Campus - Term 3 (2023) Sydney City

On-site

Subject Contact Ankit Agarwal (https://directory.westernsydney.edu.au/search/name/Ankit Agarwal/)
