CMPL 7009 OR
CMPL 7005

Restrictions

Students must be enrolled in 4716 Master of Chinese Medicine.

Learning Outcomes

On successful completion of this subject, students should be able to:

1. Synthesise knowledge and competency in the practice of specialty TCM clinical areas;
2. Demonstrate competence in the design and formulation of care of patients in a specialist clinical context;
3. Correctly diagnose, prescribe and administer treatment;
4. Critically examine issues related to the care of patients in a multidisciplinary environment
5. Employ recognised standards of culture and diversity in professional settings

Subject Content

Clinical experience of 4 weeks full-time (or part-time equivalent) with a choice of clinical training in the defined specialty areas (women's health, musculoskeletal health, mental and neurological disorders, oncology in Chinese Medicine, or chronic and complex diseases) with experienced specialist practitioners provided in conjunction with the Beijing University of Chinese Medicine within China or an alternative by arrangement with the student and limited by available opportunities in high turnover specialist clinical settings.

Special Requirements

Legislative pre-requisites

Prior to enrolling in this subject, students must have a National Police Check, which is required to be submitted before placement, and a Working with Children Check Student Declaration. Students must also hold a valid and current First Aid Certificate from a Registered Training Organisation. Use the link to the Special Requirements webpage below for more information.

Special requirements (https://www.westernsydney.edu.au/currentstudents/current_students/enrolment/special_requirements/)
