

CMPL 7023 TRADITIONAL CHINESE MEDICINE PRACTICE 3 (PG)

Credit Points 10

Legacy Code 400920

Coordinator Xiaoshu Zhu ([https://directory.westernsydney.edu.au/search/name/Xiaoshu Zhu/](https://directory.westernsydney.edu.au/search/name/Xiaoshu%20Zhu/))

Description This subject represents a continuation of the clinical practicum and development of clinical skills. Students will also be able to apply their knowledge of professional theory, practice, research and evaluation skills to the investigation of Traditional Chinese Medicine (TCM) problems. Students will be expected to demonstrate competence in handling patients in a clinical context, synthesise knowledge from their studies of specialities in TCM and critically examine the practical aspects of acupuncture and Chinese herbal medicine research. Students will also learn basic knowledge of health preservation and enhancement including lifestyle, diet and physical exercise.
