

LAWS 5005 CONSTRUCTION LAW

Credit Points 10

Coordinator John Juriansz ([https://directory.westernsydney.edu.au/search/name/John Juriansz/](https://directory.westernsydney.edu.au/search/name/John%20Juriansz/))

Description This subject introduces students to the foundational legal and technical concepts required to understand the specialised area of construction law practice. Students will examine the key issues, concepts and topics that are specific to construction law from project preparation, through to contract formation, regulation, procurement methodologies, and finally to dispute avoidance and management. Students will engage with construction practitioners to enhance their learning experiences in this subject.
