

# MEDI 7036 SURGICAL PATHOLOGY 5

**Credit Points** 10

**Legacy Code** 401233

**Coordinator** Tristan Rutland ([https://directory.westernsydney.edu.au/search/name/Tristan Rutland/](https://directory.westernsydney.edu.au/search/name/Tristan%20Rutland/))

**Description** In 2022 this subject replaced by subject 401478 - Surgical Pathology of the Head and Neck, Haematopathology and Paediatric Pathology. This subject will re-inforce the diagnostic entities in haematopathology, head and neck, and paediatric pathology that were introduced in Surgical Pathology IV. Two self-directed online learning modules with digitalized images and practical notes on the diagnostic approach to important pathological entities of the above sub-specialties will be provided. Upon completion of the subject students will have advanced knowledge in surgical, cyto- and small biopsy pathology, including appropriate ancillary techniques and recent research developments. This subject will promote behaviours that create a safe, caring, ethical and professional practice required by pathologists.

**School** Medicine

**Student Contribution Band** HECS Band 2 10cp

Check your fees via the Fees ([https://www.westernsydney.edu.au/currentstudents/current\\_students/fees/](https://www.westernsydney.edu.au/currentstudents/current_students/fees/)) page.

**Level** Postgraduate Coursework Level 7 subject

## Restrictions

Students must be enrolled in 4750 Masters of Medicine (Pathology).

## Assumed Knowledge

A basic undergraduate level knowledge in Pathology and microscopy skills is expected, as the candidates will have a MBBS or equivalent pre-requisite degree.

## Learning Outcomes

On successful completion of this subject, students should be able to:

1. Examine and interpret advanced diagnostic entities in surgical pathology in the subspecialties of haematopathology, head and neck, and paediatric pathology, including a number of non-neoplastic, benign and malignant diagnoses
2. Define the resources and technical requirements needed to reach the correct diagnosis in haematopathology, head and neck, and paediatric pathology
3. Apply basic research skills to identify and describe pathological entities encountered in the professional practice of pathology
4. Reflect on the behaviour required to create a safe, caring, ethical and professional practice required by pathologists

## Subject Content

1. Head and neck pathology
2. Paediatric pathology
3. Haematopathology

## Assessment

The following table summarises the standard assessment tasks for this subject. Please note this is a guide only. Assessment tasks are

regularly updated, where there is a difference your Learning Guide takes precedence.

Type	Length	Percent	Threshold	Individual/ Group Task	Mandatory
Case Study	20 cases ~300-500 words each	S/U	Y	Individual	
Case Study	20 cases ~300-500 words each	S/U	Y	Individual	
Essay	1500 word limit	50	Y	Individual	
Report	10 cases ~300-500 words each	50	Y	Individual
