

MEDI 7069 GENERAL SURGICAL PATHOLOGY AND GASTROINTESTINAL PATHOLOGY

Credit Points 10

Legacy Code 401476

Coordinator Tristan Rutland ([https://directory.westernsydney.edu.au/search/name/Tristan Rutland/](https://directory.westernsydney.edu.au/search/name/Tristan%20Rutland/))

Description This subject introduces diagnostic entities in surgical pathology entities gastrointestinal and liver, breast, head and neck, paediatric, gynaecological and haemato-pathology. The subject provides training in basic research skills, communication skills, and critical thinking. The self-directed online learning module is composed of digitalized images, practical notes, recorded lectures and quizzes on the diagnostic approach to important pathological entities of the gastrointestinal tract and liver.

Level Postgraduate Coursework Level 7 subject

Equivalent Subjects MEDI 7035 - Surgical Pathology 4

Restrictions

Students must be enrolled in 4750 Masters of Medicine (Pathology).

Learning Outcomes

On successful completion of this subject, students should be able to:

1. Examine diagnostic entities in surgical pathology in the subspecialties of gastrointestinal and liver, breast, head and neck, paediatric, gynaecological, and haematopathology.
2. Assess ancillary techniques in the diagnosis and treatment of conditions within the subspecialties of gastrointestinal and liver, breast, head and neck, paediatric, gynaecological, and haematopathology.
3. Assess common and uncommon disease entities in gastrointestinal and liver pathology, including the diagnosis of non-neoplastic, benign and malignant entities.
4. Engage in professional development activities related to anatomical pathology.
5. Use evidence-based approach to inform the practice of surgical pathology in the subspecialties of gastrointestinal and liver, breast, head and neck, paediatric, gynaecological, and haematopathology.

Subject Content

Gastrointestinal tract and liver pathology
 Breast pathology
 Head and neck pathology
 Paediatric pathology
 Gynaecological pathology
 Haematopathology

Special Requirements

Legislative pre-requisites

Students need to meet the legislative requirements to be in a supervised specialist training role in Pathology, and hence be working clinically in a hospital/laboratory setting. If a student fails to meet these requirements they will not be allowed to enrol in the subject.

Assessment

The following table summarises the standard assessment tasks for this subject. Please note this is a guide only. Assessment tasks are regularly updated, where there is a difference your Learning Guide takes precedence.

Type	Length	Percent	Threshold	Individual/ Group Task	Mandatory
Case Study	20 cases ~50-100 words each	S/U	Y	Individual	Y
Practical Exam	2 hours	S/U	Y	Individual	Y
