Description The subject focuses on the role and functions of corporate asset management as a strategic goal of a corporation. Students examine business structure and how corporate asset management fits into an organisation, and assess the operation of commercial property management and the various roles, duties, obligations and legal liabilities of a Commercial Property Manager. Various legislative and statutory provisions are explored, as well as the inter-relationship of commercial property management with the professional disciplines of asset management, investment management, portfolio management and other sectors of the property industry.
