

# NURS 7062 PROJECT MANAGEMENT IN HEALTHCARE

**Credit Points** 10

**Legacy Code** 401419

**Coordinator** Rachel Gregory-Wilson ([https://directory.westernsydney.edu.au/search/name/Rachel Gregory-Wilson/](https://directory.westernsydney.edu.au/search/name/Rachel%20Gregory-Wilson/))

**Description** Project management knowledge and skills are vital in the healthcare professional work environment. Using scenarios, students will explore their topic of interest, applying principal project management concepts, and integrate these into project planning. Students will learn how to appraise existing projects using a review framework, and identify the key steps within a project life cycle, starting from the conception stage to creating a project implementation plan.

**School** Nursing & Midwifery

**Discipline** General Nursing

**Student Contribution Band** HECS Band 1 10cp
