## Learning Outcomes

On successful completion of this subject, students should be able to:

1. Appraise the learning strengths, capabilities and challenges of all learners within the context of their learning environment and local community.
2. Design sequential lessons and units of work that apply knowledge of curriculum content and evidence-based pedagogies, utilising a range of resources that link meaningfully with NSW Education Standards Authorities syllabus documents and the Australian Curriculum.
3. Apply assessment moderation principles to monitor students' progress towards meeting learning outcomes, establish clear, achievable goals for future learning that provide achievable challenges for children of different abilities, and share feedback and goals with students and their families.
4. Implement appropriate, evidence-based pedagogies including a range of grouping strategies, questioning techniques, and prosocial guidance strategies designed to support student learning and promote student engagement and positive behaviours.
5. Evaluate lessons, using reflection and assessment data and to inform future curriculum planning and practice.

6. Critically reflect on own learning, feedback from mentor teacher and university-based supervising teachers, and the National Professional Standards framework to develop and enact professional goals that broaden professional knowledge and practice.
7. Apply techniques that effectively support positive behaviour in classroom contexts, including the use of calm, consistent and proportional responses and feedback.

## Subject Content

- Understanding the organisation and expectations of the professional experience subject.
- Understanding the role of theories in decision making within the primary school contexts, including the continuity of theory and practice from early childhood to primary schools.
- Applying content from current mandated curriculum documents in planning lessons and units of work in the primary school context.
- Planning, teaching, managing and assessing for learning across all curriculum areas.
- Processes of assessment moderation, negotiated and differentiated curriculum.
- Analysing student work samples and assessment data to develop clear learning goals and related pedagogies.
- Selecting appropriate pedagogies, strategies and resources for teaching and learning, for example, digital, paper-based and concrete materials.
- Collaborative practice - working effectively with the team around the child, colleagues and families.
- Reflective practice - observing, analysing, reflecting on and evaluating own personal professional practice.
- Professional and ethical conduct and practice.
- Australian Professional Standards for Graduate Teachers.
