Credit Points 10

Legacy Code 102111

Coordinator Jaydene Barnes ([https://directory.westernsydney.edu.au/search/name/Jaydene Barnes/](https://directory.westernsydney.edu.au/search/name/Jaydene%20Barnes/))

Description Students will design and teach lessons and units of work in ways that enhance student engagement and learning outcomes making relevant links with NSW Education Standards Authority syllabus documents. This professional experience subject supports students to meet the Australian Professional Standards for Teachers at the graduate level by focusing on developing professional knowledge, effective pedagogical practices, responsive teaching, classroom management and engagement in the primary school context. The subject also gives students opportunities to reflect on their own teaching and learning, and to achieve professional goals. This subject is included in the Transition Phase of the Master of Teaching program.

Learning Outcomes

On successful completion of this subject, students should be able to:

1. Appraise the learning strengths, capabilities and challenges of all learners within the context of their learning environment and local community.
2. Design sequential lessons and units of work that apply knowledge of curriculum content and evidence-based pedagogies, utilising a range of resources that link meaningfully with NSW Education Standards Authorities syllabus documents and the Australian Curriculum.
3. Apply assessment moderation principles to monitor students' progress towards meeting learning outcomes, establish clear, achievable goals for future learning that provide achievable challenges for children of different abilities, and share feedback and goals with students and their families.
4. Implement appropriate, evidence-based pedagogies including a range of grouping strategies, questioning techniques, and prosocial guidance strategies designed to support student learning and promote student engagement and positive behaviours.
5. Evaluate lessons, using reflection and assessment data and to inform future curriculum planning and practice.
6. Critically reflect on own learning, feedback from mentor teacher and university-based supervising teachers, and the National

Professional Standards framework to develop and enact professional goals that broaden professional knowledge and practice.

7. Apply techniques that effectively support positive behaviour in classroom contexts, including the use of calm, consistent and proportional responses and feedback.

Subject Content

- Understanding the organisation and expectations of the professional experience subject.
- Understanding the role of theories in decision making within the primary school contexts, including the continuity of theory and practice from early childhood to primary schools.
